### FDOT Completes NE 203 Street/Ives Dairy Road Intersection Project *From West Dixie Highway to SR 5/US 1/Biscayne Boulevard*

**MIAMI, Fla.** – The Florida Department of Transportation has completed an intersection improvement project along NE 203 Street/Ives Dairy Road from West Dixie Highway to State Road (SR) 5/US 1/Biscayne Boulevard in Miami-Dade County.

The \$43.6 million project, which began in the fall of 2021, enhances safety and operational improvements through this busy intersection. MasTec Civil was the contractor.

The project included elevating westbound NE 203 Street over the Florida East Coast Railway (FEC) tracks and West Dixie Highway; constructing a pedestrian bridge over the FEC tracks; widening the roadway along southbound US 1 and eastbound NE 203 Street, including the bridge; improving drainage along the corridor; updating pedestrian ramps, signage, pavement markings and lighting; and, installing a bicycle lane along West Dixie Highway between NE 206 Street and NE 202 Street.

For more information, please contact FDOT's Communication Office at (305) 470-5349, or visit our website at [www.southflroads.com](http://www.southflroads.com).

For real time traffic and lane closure information, drivers are encouraged to visit [www.fl511.com](http://www.fl511.com).

Remember, wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Always be safe and remain alert while driving in construction zones.

*The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities*
