95 Express Phase 3C Project Update

~SR 9/I-95 northbound between Ives Dairy Road and SR 858/ Hallandale Beach Boulevard to Close Sunday Night, June 16~

Fort Lauderdale, Fla. – As part of the Florida Department of Transportation’s (FDOT) 95 Express Phase 3C project, all lanes of SR 9/I-95 northbound between Ives Dairy Road and SR 858/Hallandale Beach Boulevard will be closed overnight to install an overhead structure. The closure will be in effect from 11 p.m. until 5 a.m., Sunday night, June 16. The first lane will close at 9:30 p.m., the second lane will close at 10:30 p.m., and all lanes will be closed by 11 p.m., reopening by 5 a.m. Monday, June 17 and Tuesday, June 18 will be used as contingency nights if needed.

To ensure motorist and crew safety during this closure, traffic will be detoured via the SR 9/I-95 northbound exit ramp to eastbound or westbound Ives Dairy Road. Eastbound Ives Dairy Road traffic will be routed via SR 5/US 1, and SR 858/ Hallandale Beach Boulevard to the I-95 northbound entrance ramp. Westbound Ives Dairy Road traffic will be routed via SR 7/US 441 and SR 858/Hallandale Beach Boulevard to the SR 9/I-95 northbound entrance ramp. The SR 9/I-95 northbound entrance ramp from Ives Dairy Road will also be closed, and traffic within the SR 9/I-95 northbound managed lanes will egress at Ives Dairy Road and follow the detour. Motorists may re-enter the managed lanes at SR 736/Davie Boulevard. FHP will be onsite to assist motorists.

Motorists are advised to plan their routes accordingly and to follow all posted signage and law enforcement direction. FDOT appreciates the cooperation and understanding of the traveling public during this crucial construction activity. Safety is the Department’s top priority and is embedded in all that we do.

For more information, please call the FDOT District Four Communications Office at (954) 777-4090, or contact the project Community Outreach Specialist, Daniela Silva, at (786) 441-3088, or visit www.d4fdot.com.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
