PUBLIC INVOLVEMENT PLAN

Project Name: State Road (SR) 994 SW 200 Street/Quail Roost Drive Project Development and Environment (PD&E) Study

Project Limits: SR 994/SW 200 Street/Quail Roost Drive from SW 137 Avenue to SW 127 Avenue

County/State: Miami-Dade County, Florida

Financial Management Number: 445804-1-22-01

Federal Aid Project Number: N/A

Efficient Transportation Decision Making (ETDM): 14429

In accordance with Part 1, Chapter 11 of the **Project Development and Environment (PD&E) Manual**, this Public Involvement Plan is submitted to the manager of the District office in charge of PD&E studies as appropriate based on District organizational structure for Department review and approval.

Submitted by: Alina Fernandez, P.E.
Project Manager
Gannett Fleming, Inc.

Date: October 1, 2021

This plan is in compliance with the Florida Department of Transportation's (FDOT) *Project Development and Environment (PD&E) Manual, Part 1, Chapter 11*. The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried-out by FDOT pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016, and executed by FHWA and FDOT.

PUBLIC INVOLVEMENT PLAN

Project Development and Environment (PD&E) Study SR 994/SW 200 Street/Quail Roost Drive from SW 137 Avenue to SW 127 Avenue Miami-Dade, Florida

The purpose of this Public Involvement Plan (PIP) is to assist in providing information to and obtaining input from concerned citizens, agencies, private groups (residential/business), and governmental entities. The overall goal of this plan is to help ensure that the study reflects the values and needs of the communities it is designed to benefit. A schedule of events and a list of documentation exhibiting compliance with these procedures are included.

This plan is in compliance with the FDOT PD&E Manual, Part 1, Chapter 11

I. DESCRIPTION OF PROPOSED IMPROVEMENT

Financial Management Number:	445804-1-22-01
Federal Aid Project Number:	N/A
Project Limits:	SR 994/SW 200 Street/Quail Roost Drive from SW 137 Avenue to SW 127 Avenue
Proposed Activity:	To evaluate widening of SR 994 from west of SW 137 Avenue to west of SW 127 Avenue and safety and operational improvements throughout the study limits from west of SW 137 Avenue to east of SW 127 Avenue in Miami-Dade County and document information necessary for the Department to reach a decision on the feasibility, location, and conceptual design that will improve mobility and accessibility.
Class of Action:	A Categorical Exclusion (CE) Type II is the level of environmental documentation required for the project.

II. PROJECT AREA

The project involves the potential widening of SR 994 from two lanes to four lanes in unincorporated Miami-Dade County. The approximately 1.2-mile segment of SR 994 runs along SR 994/SW 200 Street/Quail Roost Drive from west of SW 137 Avenue to east of SW 127 Avenue (MP 4.000 to 5.162). The Miami-Dade County 2015 Urban Development Boundary is at SW 137 Avenue (the western limit of the study limits).

Within the study limits, SR 994 is classified as a rural minor arterial from MP 4.035 to MP 4.073 (center of SW 137 Avenue) and an urban minor arterial from MP 4.073 to MP 5.162. The study corridor primarily has a C3R-Suburban Residential Context Classification. Within the study limits, SR 994 has a posted speed of 40 miles per hour. Four major intersections are located along the project corridor, including two signalized intersections (SW 137 Avenue and SW 127 Avenue) and two unsignalized intersections (SW 134 Avenue and SW 132 Avenue).

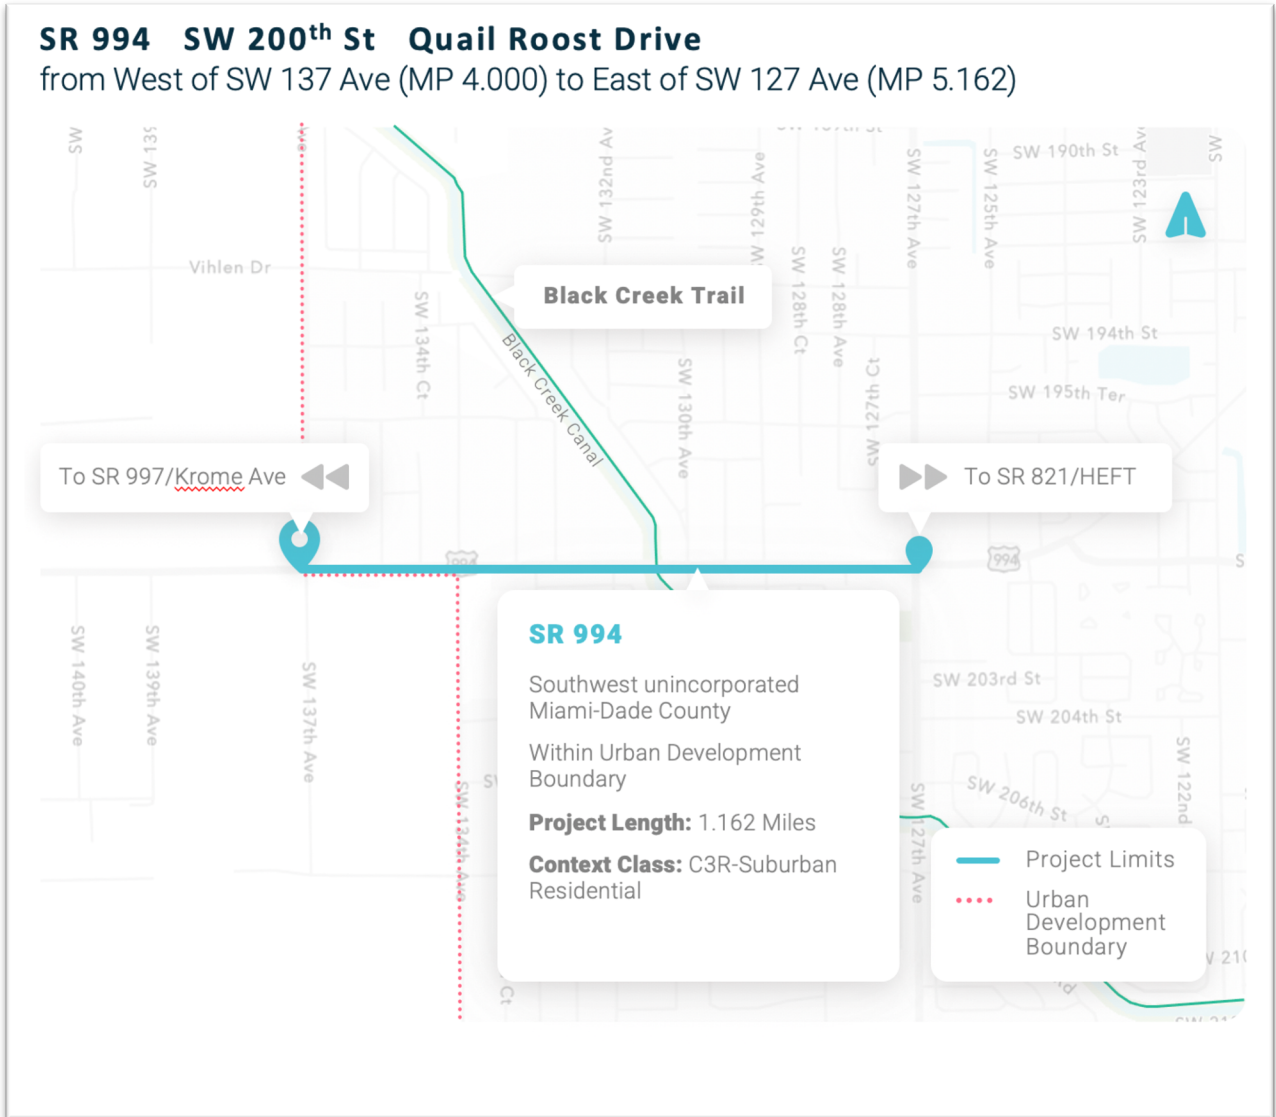

There are no existing designated bicycle lanes within the study limits. Sidewalks are noncontinuous and generally located at residential subdivisions along the study corridor. There is one existing bridge within the project limits that spans the Black Creek Canal. The bridge was constructed in 1962 and has a sufficiency rating of 75.3, a health index of 99.90, and is considered functionally obsolete. There is a pedestrian crossing signal just east of the bridge for access to the Black Creek Trail, which intersects SR 994.

The community is comprised of residential, business, and nurseries, farms and agricultural facilities. Key stakeholders include the community of Quail Heights, Redland Shopping Plaza, numerous nurseries and farms, congregations, nearby schools, and the Sport Horse Stables. The Florida Farm Bureau is also a key stakeholder that will be engaged during the study. Lennar Homes, LLC filed a Tentative Plat, Plat No. 24478, seeking to develop 80 single family residential units in the vicinity of SW 134 Avenue and SW 184 Street that includes various improvements to signals, intersections and the roadway within the project limits. This project will require engagement of identified major stakeholders, traveling public and commuters.

Outside of the study limits, SR 994 connects directly to two Strategic Intermodal System (SIS) Highway Corridors at SR 997/Krome Avenue (west of study limits) and SR 821/HEFT (east of study limits). SR 997/Krome Avenue provides regional connectivity to US 1, which is a major evacuation route for the Florida Keys.

III. PROJECT BACKGROUND

In November 1988, an Environmental Analysis Report (EAR) was finalized for widening SR 994 from SW 177th Avenue (SR 997/Krome Avenue) to US 1 (SR 5) under Work Program Number 6113760. The Federal Highway Administration concurred that the Class of Action (COA) for the EAR was a Categorical Exclusion as part of the signed Environmental Determination in October 1988. Within the Scoping Report study limits from west of SW 137 Avenue to east of SW 127 Avenue, the EAR Preferred Alternative included reconstruction of SR 994 from two lanes to a four-lane divided rural section from west of SW 127 Avenue to SR 997/Krome Avenue and to a four-lane divided urban typical section from SW 127 Avenue to the Homestead Extension of Florida's Turnpike (HEFT) interchange.

A Value Engineering Study Summary was prepared in April 1988 and recommended to defer the reconstruction of the segment of SR 994 from 177 Avenue to 127 Avenue until traffic projections demonstrated the need for widening more clearly. Since 1988, the existing conditions (including surrounding land uses and traffic patterns) have changed substantially. As such, the proposed action will result in environmental effects that were not evaluated in the original PD&E Study. Therefore, the 1988 EAR will not provide a basis for existing conditions or environmental clearance.

In the existing condition, SR 994 is an existing two-lane roadway (one lane per direction) from west of 137 Avenue to west of 127 Avenue. From west of SW 127 Avenue to east of SW 127 Avenue, SR 994 is an existing four-lane roadway. Right-of-way (ROW) for future widening to four lanes was not previously acquired for the segment of SR 994 within the study limits that remains two lanes and will be evaluated during this study.

Since 1988, residential housing has increased significantly along the project corridor leading to increased traffic volumes. Review of the FDOT Traffic Online Web Application (2018), indicates the Annual Average Daily Traffic (AADT) within the study corridor has increased from 17,500 in 2014 to 19,700 in 2018.

In June 2019, a Resurfacing, Restoration, and Rehabilitation (RRR) Safety Review for SR 994 was completed from west of SW 137 Avenue to west of SW 127 Avenue under Financial

Management Number (FMN) 250650-4 to evaluate safety and operational improvements recommended during the potential milling and resurfacing of SR 994. Intersection operational analyses were performed for the RRR study using Synchro Traffic Software, which calculates Level of Service (LOS) based on the Highway Capacity Manual methodology. The analysis determined segments along the corridor performed at LOS F based on the worst performing intersection approaches. Based on the operations analysis and safety review, the RRR study recommended consideration of widening SR 994 to four lanes (two lanes per direction) from SW 137 Avenue to west of SW 127 Avenue (MP 4.035–4.961).

As a result of the RRR Safety Review, FDOT removed the RRR milling and resurfacing project from FDOT's Five Year Work Program and programmed a PD&E phase for SR 994 from west of SW 137 Avenue to east of SW 127 Avenue (MP 4.000–5.162) to further evaluate the potential SR 994 widening. The PD&E Study limits include the SW 127 Avenue intersection, which is located just east of the roadway transition to four lanes, for logical termini to evaluate the intersection operations. The traffic and safety needs for the SW 127 Avenue intersection will need to be evaluated during this PD&E Study.

Improvements also include operational enhancements at the existing intersections, widening/reconstruction of the bridge structure over Black Creek Canal, access management, and stormwater management needs. FDOT will evaluate Build Alternatives in comparison to the No-Action Alternative. The alternatives analysis will consider opportunities to avoid and minimize right-of-way needs and potential environmental effects.

A signal warrant was previously completed for the intersection at SR 994/SW 134 Avenue which recommended future installation of a traffic signal. Eight other minor (unsignalized) intersections are located within the study corridor. FDOT will evaluate the need for a signal SW 134 Avenue, and the need for safety enhancements at SW 132nd Avenue as part of this PD&E Study.

The RRR Safety Review noted that based on FDOT's 2014-2016 High Crash Lists, the following locations were considered high-crash spots/segments:

- SR 994 at SW 137th Avenue
- SR 994 at SW 134th Avenue
- SR 994 at SW 132nd Avenue
- SR 994 from SW 137th Avenue to west of SW 127th Avenue

According to the safety review, congestion/lack of capacity and lack of left-turn lanes were a probable cause in the safety issues along the corridor.

The purpose of the proposed improvements is to provide additional capacity to accommodate future travel demand while improving overall safety along the project corridor and enhancing mobility for the surrounding community. Additionally, the project will improve emergency evacuation and response/recovery time for the surrounding communities by providing improved access to SR 997/Krome Avenue and SR 821/HEFT, which are designated emergency evacuation routes.

IV. PROJECT GOALS

This FDOT project has the following objectives:

- Implementing safety and operational improvements (including potential roadway widening) throughout the study limits from west of SW 137 Avenue to east of SW 127 Avenue in Miami-Dade County
- Documenting information necessary for the Department to reach a decision on the feasibility, location, and conceptual design that will improve mobility and accessibility

V. IDENTIFICATION OF ELECTED OFFICIALS AND AGENCIES

The following local, regional, state, or federal agencies as well as Native American Tribes having a concern in this project due to jurisdictional review or expressed interest have been identified and will be contacted directly by the FDOT through the Advance Notification (AN) process at the outset of the project in accordance with the *PD&E Manual, Part 1, Chapter 3, Preliminary Environmental Discussion and Advance Notification*. As other concerned public agencies are identified throughout the study, they also will be listed and contacted. A contact list has been developed including all entities listed below (provided in **Appendix A**), and through the Official Transmittal List found in the project AN package within the Environmental Screening Tool (EST), [<https://etdmpub.fl.aetat.org>], ETDM project #14429. Subsequent contact list updates will be found in the culminating Comments and Coordination Report for this project.

Federal:

- Federal Aviation Administration
- Federal Emergency Management Agency
- Federal Rail Administration
- Federal Highway Administration
- Federal Transit Administration
- U.S. Army Corps of Engineers
- U.S. Coast Guard
- U.S. Department of Health and Human Services
- U.S. Department of Interior - National Park Service
- U.S. Department of Interior- U.S. Fish and Wildlife Service
- U.S. Department of Commerce - National Marine Fisheries Service
- U.S. Environmental Protection Agency
- U.S. Department of Housing and Urban Development

Native American Tribes:

- Tribal Historic Preservation Office
- Miccosukee Tribe of Indians of Florida
- Seminole Nation of Oklahoma
- Poarch Band of Creek Indians
- Muscogee (Creek) Nation
- Tamiami Station
- Seminole Tribe of Florida

State:

- FDOT District Six
- FDOT Office of Environmental Management
- FL Department of State
- FL Department of State, Division of Historical Resources
- FL Department of Agriculture and Consumer Services
- FL Department of Environmental Protection
- FL Department of Fish and Wildlife Conservation Commission
- FL Department of Economic Opportunity
- Florida Inland Navigation
- Florida's Turnpike Enterprise

Regional/Local:

The following Regional Agencies will be contacted. As other concerned public agencies are identified throughout the study, they also will be listed and contacted. This list will be updated prior to each mailing. Subsequent contact list updates will be found in the culminating Comments and Coordination Report for this project.

- Miami-Dade Transit
- Miami-Dade Transportation Planning Organization (TPO)
- South Florida Water Management District
- South Florida Regional Planning Council
- Miami-Dade County Historical Preservation Board

Local Elected and Appointed Officials:

The following elected officials will be contacted directly by the FDOT through the AN process. **Appendix A** lists the contact information for the following officials at the time of project execution. Subsequent contact list updates will be found in the culminating Comments and Coordination Report for this project.

Federal Delegation – U.S. Congress:

- Carlos A. Gimenez U.S. House of Representatives, District 26

Federal Delegation – U.S. Senate:

- Marco Rubio U.S. Senator
- Rick Scott U.S. Senator

Florida State Senators for Local Districts:

- Ana Maria Rodriguez Senator, District 39
- Anette Taddeo Senator, District 40

Florida State Representatives for Local Districts:

- James "Jim" Vernon Mooney, Jr. Representative, District 120

Miami-Dade County:

- Miami-Dade County Clerk of Court
- Miami-Dade County Commission – District 8
- Miami-Dade County Public Schools
- Greater Miami Expressway Agency
- Miami-Dade County Property Appraiser
- Miami-Dade County Sheriff
- Miami Dade County Supervisor of Elections
- Miami-Dade Fire Rescue

Subsequent contact list updates will be found in the culminating Comments and Coordination Report for the project. Updates are expected to occur prior to the public hearing

VI. IDENTIFICATION OF AFFECTED COMMUNITIES AND STAKEHOLDERS

This project is located in Unincorporated Miami-Dade County. A map of the project area is provided in **Figure 1**. This area contains a mixed use of commuters traveling to and from SR 997/Krome Avenue and SR 821/HEFT, residential communities, local businesses, industrial facilities, places of worship, nurseries, and schools.

Limited English Proficiency (LEP) accommodations will be required during public involvement efforts for this project as 30.96% or 4,034 persons of 13,028 persons within the census block groups containing the project corridor "speak English less than very well". See **Appendix B** for the Sociocultural Data Report. The project team will hold all public meetings at a location accessible by all and translate all collaterals in English and Spanish.

The following local, state, and national public interest groups or organizations having a direct or expressed interest in the project study have been identified and will be contacted by the Florida Department of Transportation. **Appendix C** lists preliminary contact information for potential stakeholders and will be updated throughout the life of the project. All public and private groups, organizations, agencies and/or businesses that request placement on the project mailing list will be added throughout the course of the project.

Major Stakeholders

- Florida Trucking Association
- Dade County Farm Bureau
- Community Council 24
- Chamber South
- South Dade Chamber of Commerce
- Zoo Miami
- Florida Department of Children and Families
- Miami-Dade Fire Rescue Station 52
- Miami-Dade Region VI Police Station
- Red Farm Nursery

- George's Farm
- San Lazaro Church
- Grape Yard Nursery
- Pure Beauty Farms
- All Smooth Lawn
- County Garden Nursery
- Calvary Pentecostal Church
- Publix
- Sport Horse Stables, Corp
- Richard Lyons' Nursery
- Benmarqz Nursery
- Numerous businesses and occupied commercial space in the vicinity and surrounding areas

Residential Communities:

- Quail Heights

Schools within 2 miles of the project corridor:

- Somerset Academy Dade
- Robert Morgan High School
- South Miami Heights Elementary
- Academir Charter School Preparatory
- Kids Learning Center South Dade
- Miami Southridge Senior High School
- Caribbean K-8 Center
- Herbert Ammos Middle School
- Florida Technical College South Miami Campus
- Pinevilla Elementary School

VII. OUTREACH ACTIVITIES

The following techniques will be used to notify the public of the proposed transportation improvement and to solicit public input into the project development process.

Newspaper(s):

The Miami Herald/El Nuevo Herald

- Donna Boase: Dboase@mcclatchy.com

In addition to working with the media, a number of different notification techniques will be used throughout the project development process. A brief description of these techniques is provided below.

Letter/Newsletter(s):

Invitational and informational letters and newsletters will be distributed to elected and appointed officials, property owners/tenants, business owners/operators, and interested parties as feasible. It is anticipated that more than 1,000 newsletters will be distributed for this study, as

noted in the public outreach schedule. Notices will be delivered by hand and/or mail to residences and businesses located directly along the project corridor as deemed necessary by the FDOT.

News/Press Releases:

News/press releases will be submitted to the FDOT seven days prior to each public meeting and the public hearing.

Online:

Project notices will be published on social media platforms and website for FDOT and agency partners. A website project page will also be developed via the District Six website and all project information and documents will be updated to this page throughout the life of the project.

<https://www.facebook.com/MyFDOTMiami/>

https://www.instagram.com/myfdot_miami/

https://twitter.com/MyFDOT_Miami

<http://www.fdotmiamidade.com/>

<http://www.miamidadetpo.org/>

<http://www.miamidade.gov/>

Public Notices/Ads:

Public advertisement will be published in the area newspaper with the largest circulation once prior to the public meeting/hearing, and once to announce Location and Design Concept Acceptance (LDCA) at the end of the study. Notice of public hearings will also be placed on the agency website and in the Florida Administrative Register (FAR).

Public Announcements:

In order to distribute PD&E phase information, fliers will be made available to organizations such as neighborhood/civic groups, the FDOT, and Miami-Dade County, to publish in existing newsletters, and websites. Any such correspondence will be coordinated through the District's Public Information Office (PIO).

Direct Mail List for Public Hearings:

The following will be contacted by direct mail in order to obtain input throughout the project development process and/or in order to provide project information:

- Those whose property lies, in whole or part, within at least 300 feet on either side of the centerline of each project alternative (Section 339.155, F.S.), as well as other local citizens who may be impacted by the construction of this project. This portion of the mailing list will be based on the County Property Appraiser's tax rolls. An initial list can be found in **Appendix D**.

- Local elected and appointed public officials or individuals who request to be placed on the mailing list for this project.
- Public and private groups, organizations, agencies, or businesses that request to be placed on the mailing list for this project.

Techniques:

Presentations to Local Officials: Presentations will be given to local officials and agencies such as the District Commissioners and Miami-Dade TPO prior to the Public Information Meeting(s) and the public hearing to apprise local officials of the project status, specific location, and design concepts, and to receive their comments.

Public Information Meetings: The following public meetings will be conducted, as required by the FDOT; a Public Kick-off Meeting, Elected Officials/Agencies Kick-off Meeting and an Alternatives Information Public Meeting (AIPM). The Public Information Meetings will present the project and the conceptual project alternatives being considered to obtain comments from the general public. These meetings will be hybrid format, both virtual and in-person. Notices to be sent at least 25 to 30 calendar days to Elected Officials and 14 to 21 calendar days to the general public prior to the meeting date. All meetings will be held in compliance with current Centers for Disease Control and Prevention (CDC) standards.

Public Hearing: A formal public hearing, as required by federal regulations and state law, will be held. The hearing will be held in compliance with current Centers for Disease Control and Prevention (CDC) standards.

Informal Meetings: In addition to the scheduled public meetings, there may be several additional meetings with the public, elected and appointed officials, public agencies, or civic groups. The purpose of these meetings will be to apprise the attendees of the project status, specific location, and design concepts, and to receive input.

TABLE 1 – PUBLIC OUTREACH ACTIVITY SCHEDULE 2020-2023:

Public Outreach Activity Schedule		
• Calendar Year – 2020:	Advance Notification	June 2020
• Calendar Year – 2021:	Public Kick-off Hybrid Meeting	November 2021
• Calendar Year – 2022:	Hybrid Alternative Public Workshop	August 2022
• Calendar Year – 2023:	Hybrid Public Hearing	May 2023
	LDCA	November 2023

VIII. COORDINATION WITH LOCAL AGENCIES (MIAMI-DADE COUNTY)

Copies of aerial maps depicting all alignment and design concepts under consideration, along with draft copies of engineering and environmental study documentation, will be furnished to the Miami-Dade County Department of Transportation and Public Works (DTPW) with their review and written comments solicited. Updated information will also be forwarded to the county(s) for review and comment prior to the scheduled public hearing.

The Consultant will notify the FDOT's liaison for DTPW of project execution. The FDOT's liaison will coordinate with the FDOT Project Manager to schedule meetings with DTPW and the Miami-Dade TPO, as needed.

IX. PUBLIC HEARING

In compliance with the PD&E Manual, 23 CFR 771, and Section 339.155, FS, a public hearing will be held. The format is anticipated to be a "hybrid public hearing".

FDOT is implementing appropriate public engagement activities which are inclusive of all affected stakeholders and offer a combination of both face-to-face as well as virtual options. Public hearings must be hybrid, providing two ways for the public to participate: virtually and in-person at a physical location.

This PIP is mindful of the need to provide a variety of methods for the public to receive information and provide input on plans and projects, while meeting public health guidelines and protecting vulnerable populations and civil liberties. The overall goal is to replicate the experience of a

traditional public hearing in flexible ways that foster participation for all interested parties, increase engagement opportunities, add convenience, and enhance access to the public. It is important to be diligent about providing multiple opportunities for people to participate, receive information, interact with staff, and provide comments. The guiding principles for hybrid public hearings include:

- Incorporating safe social distancing practices.
- Minimizing time of exposure for staff and the public in indoor spaces.
- Using Personal Protective Equipment (PPE) and consideration of safety barriers.
- Providing a touchless experience for staff and the public, to the greatest extent possible.
- Following the practices of early, continuous, collaborative, and inclusive public engagement.

The guidelines established in this document comply with:

- Conducting Proceedings by Communications Meeting Technology (CMT), Rule Chapter 28-109, Florida Administrative Code.
- Public Business: Miscellaneous Provisions (Government in the Sunshine), Section 286.011, Florida Statutes.
- Administrative Procedure Act, Section 120.525, Florida Statutes.

To keep the public informed and engaged while adhering to current requirements using an inclusive process, a hybrid public hearing will be scheduled for this project using GoToWebinar, which is the FDOT's preferred online meeting platform. The following sections describe proposed hybrid public hearing elements, including but not limited to considerations for venues, safety measures, and logistics. These hybrid public hearing procedures and techniques will be updated as additional guidance becomes available, as warranted.

Public Hearing Site:

The hybrid public hearing will be held simultaneously online and in a physical location at an appropriate facility, as convenient to the study area as possible under current conditions, including a venue which meets current requirement criteria for social distancing, social gathering limits, and room capacity limit. The virtual portion of the hybrid public hearing will use GoToWebinar. The physical portion of the hybrid public hearing may be held at a venue yet to be determined.

Public Advertisement:

A display advertisement will appear in The Miami Herald and the El Nuevo Herald twice (at least 15 days and no more than 30 days) prior to the hybrid public hearing. All advertisements will be sent to local newspapers via email. In addition, an announcement of the hybrid public hearing will be published in the FAR and on the FDOT's Public Meeting Notices Website at least seven days prior to the hybrid public hearing.

Letters of Invitation:	Letters will be mailed to all property owners at least 20 calendar days prior to the date of the meeting as required by Section 339.155, F.S., and at least 25 but no more than 30 calendar days prior to the hybrid public hearing date to local elected and appointed government officials notifying them of the upcoming hybrid public hearing. Notices may be hand-delivered to residences and businesses located directly along the project corridor as deemed necessary by the FDOT.
Hearing Preparation:	Slide presentations and/or video presentations, project corridor aerial maps, graphics, and handouts will be prepared to supplement the oral hybrid public hearing presentation.
Transcript:	A verbatim transcript of the hybrid public hearing will be compiled to include written comments received at the hearing and written comments received within the established comment period after the hybrid public hearing. All hybrid public hearing documentation (handouts, presentation, graphics, etc.) will be included with the transcript. The transcript will include a script of the recorded presentation, if applicable.
Documents for Public Review:	All draft documents to support PD&E studies evaluation will be available for public review at least 21 calendar days prior to the hybrid public hearing date.
Locations of Documents for Public Review:	Public notice will be provided in the public hearing advertisement and by mailed invitational letters as to where the study documents are located for public review. Suggested public review sites are: <ul style="list-style-type: none">• TBD• TBD
Title VI and Related Statutes:	Title VI information will be provided in the presentation, by handout, signage, and through availability of personnel regarding the Title VI Program and the Relocation Assistance Program.
Americans with Disabilities Act Compliance:	Notification of the Department's intent to comply with the Americans with Disabilities Act (ADA) will be provided in the public advertisements for the hybrid public hearing, in invitational letters to property owners/tenants and local officials, in handouts, and by selection of a hybrid public hearing site that meets ADA requirements.

X. PUBLIC HEARING FOLLOW-UP

The following procedures will occur after the public hearing.

Responses:	Responses to letters received as a result of the hybrid public hearing and questions and comments not answered at the hybrid public hearing will be made in writing within 14 days following the hearing.
Recommendation Notice:	A legal notice announcing the Office of Environmental Management's (OEM's) approval of the final document and recommendations will be published in <u>The Miami Herald</u> newspapers. In addition, press releases detailing the Department's recommendations will be provided to local media.
Public Hearing Transcript Package:	A Transcript Package will be produced and submitted following the hybrid public hearing. The Transcript Package will include a verbatim hearing transcript prepared by an approved court reporter, an errata sheet detailing any transcript discrepancies, a copy of correspondence received by the Department as part of the hybrid public hearing record, and affidavits of publication for newspaper ads advertising the hybrid public hearing.
Comments and Coordination Report:	A Comments and Coordination Report will be produced under a separate cover, and submitted at the conclusion of the study, containing, at a minimum, documentation regarding public participation performed throughout the study period. This summary will include comments and responses received from the public, as well as Advance Notification, coordination with local officials and agencies, and public meetings; the verbatim transcript from the hybrid public hearing; proof of publication of ads; sign-in sheets; hybrid public hearing certification by the Project Manager (Moderator); and public comments.

XI. PUBLIC INVOLVEMENT DURING DESIGN

To the extent public involvement activities are necessary in the Design phase, the Design Project Manager will be responsible for coordinating any such activities. These public involvement activities may include additional coordination meetings with local government and environmental permitting agencies, work sessions, and small group meetings, as directed by the FDOT.

Community Facilities

The community facilities information below is useful in a variety of ways for environmental evaluations. These community resources should be evaluated for potential sociocultural effects, such as accessibility and relocation potential. The facility types may indicate the types of population groups present in the project study area. Facility staff and leaders can be sources of community information such as who uses the facility and how it is used. Additionally, community facilities are potential public meeting venues.

Florida Parks and Recreational Facilities

Facility Name	Address	Zip Code
CHARLES BURR PARK	20200 SW 127TH AVE	33177

Religious Centers

Data Sources

Area

The geographic area of the community based on a user-specified community boundary or area of interest (AOI) boundary.

Jurisdiction

Jurisdiction(s) includes local government boundaries that intersect the community or AOI boundary.

Demographic Data

Demographic data reported under the headings General Population Trends, Race and Ethnicity Trends, Age Trends, Income Trends, Educational Attainment Trends, Language Trends, and Housing Trends is from the U.S. Decennial Census (1990, 2000) and the American Community Survey (ACS) 5-year estimates from 2006-2010 and ACS 2014-2018. The data was gathered at the block group level for user-specified community boundaries and AOIs, and at the county level for counties. Depending on the dataset, the data represents 100% counts (Census Summary File 1) or sample-based information (Census Summary File 3 or ACS).

About the Census Data:

User-specified community boundaries and AOIs do not always correspond precisely to block group boundaries. In these instances, adjustment of the geographic area and data for affected block groups is required to estimate the actual population. To improve the accuracy of such estimates in the SDR report, the census block group data was adjusted to exclude all census blocks with a population of two or fewer. These areas were eliminated from the corresponding years' block groups. Next, the portion of the block group that lies outside of the community or AOI boundary was removed. The demographics within each block group were then recalculated, assuming an equal area distribution of the population. Note that there may be areas where there is no population.

Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 or 2.5% of U.S. households will receive the ACS questionnaire. Over any five-year period, about

one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: <http://mcdc.missouri.edu/pub/data/acs/Readme.shtml>) The U.S. Census Bureau provides help with this process:

[https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data/ACS 2014-2018.html](https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data/ACS%2014-2018.html)

Use caution when interpreting changes in Race and Ethnicity over time. Starting with the 2000 Decennial Census, respondents were given a new option of selecting one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: <http://www.census.gov/prod/2001pubs/c2kbr01-1.pdf>; <http://www.census.gov/pred/www/rpts/Race%20and%20Ethnicity%20FINAL%20report.pdf>)

The "Minority" calculations are derived from Census and ACS data using both the race and ethnicity responses. On this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities.

Disability data is not included in the 2010 Decennial Census, or the 2006-2010 ACS. This data is available in the ACS 2014-2018 ACS.

Because of changes made to the Census and ACS questions between 1990 and ACS 2014-2018, disability variables should not be compared from year to year. For example: 1) With the 1990 data the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS 2014-2018 ACS data; 2) The ACS 2014-2018 ACS data includes the institutionalized population (e.g. persons in prisons and group homes), while this population is not included in 1990 or 2000; 3) the age groupings changed over the years.

Please take the following two concerns into account when viewing this data: 1) With the 1990 data the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS 2014-2018 ACS data; 2) The ACS 2014-2018 ACS data includes the institutionalized population (e.g. persons in prisons and group homes), while this population is not included in 1990 or 2000.

The category Bachelor's Degree or Higher under the heading Educational Attainment Trends is a subset of the category High School Graduate or Higher.

Income of households. This includes the income of the householder and all other individuals 15 years old and over in the household, whether they are related to the householder or not. Because many households consist of only one person, average household income is usually less than average family income.

Income of families. In compiling statistics on family income, the incomes of all members 15 years old and over related to the householder are summed and treated as a single amount.

Age Trends median age for 1990 is not available.

Land Use Data

The Land Use information Indicates acreages and percentages for the generalized land use types used to group parcel-specific, existing land use assigned by the county property appraiser office according to the Florida Department of Revenue land use codes.

Community Facilities Data

- Assisted Rental Housing Units - Identifies multifamily rental developments that receive funding assistance under federal, state, and local government programs to offer affordable housing as reported by the Shimberg Center for Housing Studies, University of Florida.

- Mobile Home Parks - Identifies approved or acknowledged mobile home parks reported by the Florida Department of Business and Professional Regulation and Florida Department of Health.
- Migrant Camps - Identifies migrant labor camp facilities inspected by the Florida Department of Health.
- Group Care Facilities - Identifies group care facilities inspected by the Florida Department of Health.
- Community Center and Fraternal Association Facilities - Identifies facilities reported by multiple sources.
- Law Enforcement Correctional Facilities - Identifies facilities reported by multiple sources.
- Cultural Centers - Identifies cultural centers including organizations, buildings, or complexes that promote culture and arts (e.g., aquariums and zoological facilities; arboreta and botanical gardens; dinner theaters; drive-ins; historical places and services; libraries; motion picture theaters; museums and art galleries; performing arts centers; performing arts theaters; planetariums; studios and art galleries; and theater producers stage facilities) reported by multiple sources.
- Fire Department and Rescue Station Facilities - Identifies facilities reported by multiple sources.
- Government Buildings - Identifies local, state, and federal government buildings reported by multiple sources.
- Health Care Facilities - Identifies health care facilities including abortion clinics, dialysis clinics, medical doctors, nursing homes, osteopaths, state laboratories/clinics, and surgicenters/walk-in clinics reported by the Florida Department of Health.
- Hospital Facilities - Identifies hospital facilities reported by multiple sources.
- Law Enforcement Facilities - Identifies law enforcement facilities reported by multiple sources.
- Parks and Recreational Facilities - Identifies parks and recreational facilities reported by multiple sources.
- Religious Center Facilities - Identifies religious centers including churches, temples, synagogues, mosques, chapels, centers, and other types of religious facilities reported by multiple sources.
- Private and Public Schools - Identifies private and public schools reported by multiple sources.
- Social Service Centers - Identifies social service centers reported by multiple sources.
- Veteran Organizations and Facilities

County Data Sources

Demographic data reported is from the U.S. Decennial Census (1990, 2000) and the American Community Survey (ACS) 5-year estimates from 2006-2010 and ACS 2014-2018. The data was gathered at the county level. Depending on the dataset, the data represents 100% counts (Census Summary File 1) or sample-based information (Census Summary File 3 or ACS).

About the Census Data:

Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 or 2.5% of U.S. households will receive the ACS questionnaire. Over any five-year period, about one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: <http://mcdc.missouri.edu/pub/data/acs/Readme.shtml>) The U.S. Census Bureau provides help with this process:

[https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data/ACS 2014-2018.html](https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data/ACS%2014-2018.html)

Use caution when interpreting changes in Race and Ethnicity over time. Starting with the 2000 Decennial Census, respondents were given a new option of selecting one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: <http://www.census.gov/prod/2001pubs/c2kbr01-1.pdf>;
<http://www.census.gov/pred/www/rpts/Race%20and%20Ethnicity%20FINAL%20report.pdf>)

The "Minority" calculations are derived from Census and ACS data using both the race and ethnicity responses. On this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities.

Disability data is not included in the 2010 Decennial Census, or the 2006-2010 ACS. This data is available in the ACS 2014-2018 ACS.

Because of changes made to the Census and ACS questions between 1990 and ACS 2014-2018, disability variables should not be compared from year to year. For example: 1) With the 1990 data the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS 2014-2018 ACS data; 2) The ACS 2014-2018 ACS data includes the institutionalized population (e.g. persons in prisons and group homes), while this population is not included in 1990 or 2000; 3) the age groupings changed over the years.

Please take the following two concerns into account when viewing this data: 1) With the 1990 data the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS 2014-2018 ACS data; 2) The ACS 2014-2018 ACS data includes the institutionalized population (e.g. persons in prisons and group homes), while this population is not included in 1990 or 2000.
