

STATE ROAD (SR) 9A/I-95

Project Development and Environment (PD&E) Study

From South of NW 62nd Street to North of NW 143rd Street

Financial Project Identification (FPID) Number: 414964-8-22-01

Efficient Transportation Decision Making (ETDM) Number: 14418

ABOUT THE STUDY

Project Purpose

- Address the operational deficiencies to relieve current and anticipated future congestion along the SR 9A / I-95 corridor
- Preserve the operational integrity and regional functionality of SR 9A / I-95

Project Need

▪ **Capacity and Transportation Demand**

Miami-Dade County's population and employment are expected to grow by 27% and 29% from 2020-2050, further worsening SR 9A / I-95 congestion over time.

▪ **System Linkage**

SR 9A / I-95 is a key interstate, connecting major urban areas and crucial for commuter and freight traffic statewide.

▪ **Emergency Evacuation**

SR 9A / I-95 is vital for emergency evacuation and connects to three other key routes: SR 934/NW 79th Street, SR 924/NW 119th Street, and SR 922/NW 125th Street.
