

June 2021

PUBLIC INVOLVEMENT PLAN

I-95/State Road (SR) 9 Project Development and Environment (PD&E) Study
From South of SR 860/Miami Gardens Drive to Broward County Line
Miami-Dade County, Florida

Financial Management Number: 414964-1-22-01
Federal Aid Project Number: N/A
Efficient Transportation Decision Making (ETDM): 14419

DISTRICT VI

PUBLIC INVOLVEMENT PLAN

Project Name: State Road (SR) 9/I-95 Project Development and Environment (PD&E) Study

Project Limits: SR 9/I-95 from South of SR 860/Miami Gardens Drive to Broward County Line

County/State: Miami-Dade County, Florida

Financial Management Number: 414964-1-22-01

Federal Aid Project Number: TBD

Efficient Transportation Decision Making (ETDM): 14419

In accordance with Part 1, Chapter 11 of the **Project Development and Environment (PD&E) Manual**, this Public Involvement Plan is submitted to the manager of the District office in charge of PD&E studies as appropriate based on District organizational structure for Department review and approval.

Submitted by: Jenn L. King, P.E.
Project Manager
AECOM Technical Services, Inc.

Date: June 2021

This plan is in compliance with the Florida Department of Transportation's (FDOT) *Project Development and Environment (PD&E) Manual, Part 1, Chapter 11*. The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried-out by FDOT pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016, and executed by FHWA and FDOT.

PUBLIC INVOLVEMENT PLAN

Project Development and Environment (PD&E) Study I-95/SR 9 from South of SR 860/Miami Gardens Drive to Broward County Line Miami-Dade, Florida

The purpose of this Public Involvement Plan (PIP) is to assist in providing information to and obtaining input from concerned citizens, agencies, private groups (residential/business), and governmental entities. The overall goal of this plan is to help ensure that the study reflects the values and needs of the communities it is designed to benefit. A schedule of events and a list of documentation exhibiting compliance with these procedures are included.

This plan is in compliance with the FDOT PD&E Manual, Part 1, Chapter 11

I. DESCRIPTION OF PROPOSED IMPROVEMENT

Financial Management Number: 414964-1-22-01

Federal Aid Project Number: TBD

Project Limits: I-95/SR 9 from South
of SR 860/Miami Gardens Drive
to Broward County Line

Proposed Activity: The purpose of this project is to address the deficient operational capacity and relieve existing/future congestion along the I-95/SR 9 corridor. Other goals of the project are to 1) preserve the operational integrity and regional functionality of I-95 /SR 9 (and, therefore, the regional transportation network) by complementing similar corridor improvements throughout Miami-Dade, Broward, and Palm Beach Counties and 2) enhance emergency evacuation and response times.

Class of Action: A Categorical Exclusion (CE) Type II is the level of environmental documentation required for the project.

The limits of the project include I-95/SR 9, which is classified as an 'Urban Principal Arterial Interstate' and consists of six to eight general use lanes and two to four express lanes; the typical section varies throughout the project segment. This particular section of the corridor is located north of the Golden Glades Interchange in northern Miami-Dade County and resides within unincorporated Miami-Dade County and the City of North Miami Beach. Coordination will also need to occur with the following nearby municipalities: North Miami, Miami Gardens, Aventura and Hallandale Beach. It connects to SR 860/Miami Gardens Drive, and Ives Dairy Road, both important east-west facilities within northern Miami-Dade County. Existing right-of-way along the project segment ranges from approximately 300 feet to over 1,000 feet in width. While additional right-of-way for this project section is not currently anticipated, specific right-of-way requirements will be determined during this study.

The greater I-95/SR 9 corridor is part of Florida's Strategic Intermodal System (SIS) highway network and is a designated state hurricane evacuation route. In addition, I-95/SR 9 serves a critical role in facilitating the north-south movement of traffic in southeast Florida as one of two major expressways (Florida's Turnpike being the other) that connect the major employment centers and residential areas between Miami-Dade, Broward, and Palm Beach Counties. The greater corridor traverses dense urban areas with predominantly commercial and residential uses, including downtown Miami, Wynwood/Design District, Hard Rock Stadium, Gulf Stream Park Racing and Casino, Ives Estates Park, Memorial Regional Hospital and Jackson Medical Group, and Trinity Church.

II. PROJECT BACKGROUND

This roadway project entails potentially providing additional express and/or general use lanes on I-95/SR 9 from south of SR 860/Miami Gardens Drive to the Broward County Line and implementing interchange improvements at SR 860/Miami Gardens Drive and Ives Dairy Road within Miami-Dade County.

The improvements proposed as part of the project stem from the Refined Build Concept that was developed as part of the I-95 Corridor Planning Study, completed by the FDOT in May 2019. The study assessed enhancements along the length of the I-95/SR 9 corridor within Miami-Dade County from US 1/SR 5 (Mile Post 0.000) to the Broward County Line. As such, this project is part of a larger effort to improve the I-95/SR 9 corridor within Miami-Dade County and regionally within Broward and Palm Beach Counties.

The proposed concept from the planning phase was recommended for further consideration in this Project Development phase, as it provides additional capacity while minimizing modifications to programmed/planned improvements pertaining to other projects along the I-95/SR 9 corridor, as well as reduces right-of-way acquisition/impacts and construction costs. General design parameters for the corridor include minimum 11-foot wide travel lanes, 10-foot wide express lane inside shoulders, and 4-foot wide buffers with express lane markers between the express lanes and general purpose lanes; 12-foot lanes are generally provided in segments that include more extensive reconstruction/widening, and 11-foot lanes are utilized in areas where modifications are less extensive or needed to match the existing/programmed/planned conditions.

The need for the project is based on capacity and transportation demand; population and employment growth in Miami-Dade County; failing levels of service for I-95 traffic operations; safety and travel delay concerns; system linkage improvements to area arterials and express lanes along I-95 in Miami-Dade, Broward, and Palm Beach Counties; enhancing transit, freight, and regional mobility; and maintaining and improving I-95/SR 9 for emergency evacuation route and incident response purposes.

Overall, the project will offer enhanced mobility options for motorists and transit users as it will provide additional capacity along the I-95/SR 9 corridor throughout northern Miami-Dade County. Consistent with the existing managed lanes system on I-95/SR 9, the additional express lanes are anticipated to operate using variable toll pricing based on congestion to optimize traffic flow.

III. PROJECT GOALS

This FDOT project has the following objectives:

- To address the deficient operational capacity and relieve existing and future congestion along the I-95 / SR 9 corridor
- To preserve the operational integrity and regional functionality of I-95/SR 9 and the surrounding regional transportation network, complementing similar corridor improvements throughout Miami-Dade, Broward, and Palm Beach Counties
- To enhance emergency evacuation and response times.

The project entails potentially providing additional express and/or general use lanes on I-95/SR 9 and implementing interchange improvements at SR 860/Miami Gardens Drive and at Ives Dairy Road. Proposed improvements will minimize modifications to planned/programmed improvements pertaining to other projects along the I-95 / SR 9 corridor as well as reduce right-of-way acquisition/impacts. The I-95 / SR 9 express lanes are anticipated to operate using variable toll pricing based on congestion to optimize traffic flow.

IV. IDENTIFICATION OF ELECTED OFFICIALS AND AGENCIES –

The following local, regional, state, or federal agencies as well as Native American Tribes having a concern in this project due to jurisdictional review or expressed interest have been identified and will be contacted directly by the FDOT through the Advance Notification (AN) process at the outset of the project in accordance with the *PD&E Manual, Part 1, Chapter 3, Preliminary Environmental Discussion and Advance Notification*. As other concerned public agencies are identified throughout the study, they also will be listed and contacted. A contact list has been developed including all entities listed below (provided in **Appendix A**), and through the Official Transmittal List found in the project AN package within the Environmental Screening Tool (EST), [<https://etdmpub.flahdot.org>], ETDM project #14419. Subsequent contact list updates will be found in the culminating Comments and Coordination Report for this project.

Federal:

- Federal Aviation Administration
- Federal Emergency Management Agency
- Federal Rail Administration
- Federal Highway Administration
- Federal Transit Administration
- U.S. Army Corps of Engineers
- U.S. Coast Guard
- U.S. Department of Health and Human Services
- U.S. Department of Interior - National Park Service
- U.S. Department of Interior- U.S. Fish and Wildlife Service
- U.S. Department of Commerce - National Marine Fisheries Service
- U.S. Environmental Protection Agency
- U.S. Department of Housing and Urban Development

Native American Tribes:

- Tribal Historic Preservation Office
- Miccosukee Tribe of Indians of Florida
- Seminole Nation of Oklahoma

- Poarch Band of Creek Indians
- Muscogee (Creek) Nation
- Tamiami Station
- Seminole Tribe of Florida

State:

- FDOT District Six
- FDOT Office of Environmental Management
- FL Department of State
- FL Department of State, Division of Historical Resources
- FL Department of Agriculture and Consumer Services
- FL Department of Environmental Protection
- FL Department of Fish and Wildlife Conservation Commission
- FL Department of Economic Opportunity
- Florida Inland Navigation
- Florida's Turnpike Enterprise

Regional/Local:

The following Regional Agencies will be contacted. As other concerned public agencies are identified throughout the study, they also will be listed and contacted. This list will be updated prior to each mailing. Subsequent contact list updates will be found in the culminating Comments and Coordination Report for this project.

- Miami-Dade Transit
- Miami-Dade Transportation Planning Organization (TPO)
- Broward County Metropolitan Planning Organization (MPO)
- South Florida Water Management District
- South Florida Regional Planning Council

Local Elected and Appointed Officials:

The following elected officials will be contacted directly by the FDOT through the AN process. **Appendix A** lists the contact information for the following officials at the time of project execution. Subsequent contact list updates will be found in the culminating Comments and Coordination Report for this project.

Federal Delegation – U.S. Congress:

- Frederica S. Wilson U.S. House of Representatives, District 24

Federal Delegation – U.S. Senate:

- Marco Rubio U.S. Senator
- Rick Scott U.S. Senator

Florida State Senators for Local Districts:

- Gary M. Farmer Senator, District 34
- Shevren D. "Shev" Jones Senator, District 35
- Jason W. B. Pizzo Senator, District 38

Florida State Representatives for Local Districts:

- Christopher Benjamin Representative, District 107

Miami-Dade County:

- City of North Miami Beach
- City of North Miami
- City of Miami Gardens
- City of Aventura
- City of Hallandale Beach
- Town of Pembroke Park
- Miami-Dade County Clerk of Court
- Miami-Dade County Commission – District 1
- Miami-Dade County Public Schools
- Greater Miami Expressway Agency
- Miami-Dade County Property Appraiser
- Miami-Dade County Sheriff
- Miami Dade County Supervisor of Elections
- Miami-Dade Fire Rescue

Subsequent contact list updates will be found in the culminating Comments and Coordination Report for the project. Updates are expected to occur prior to the public hearing

V. IDENTIFICATION OF AFFECTED COMMUNITIES AND STAKEHOLDERS

This project is located in Unincorporated Miami-Dade County within the city of North Miami Beach. In addition, the area traverses additional U.S. Census Designated Places, Ojus, Ives Estates, Pembroke Park, and Hallandale Beach. Adjacent municipalities affected by the project include, North Miami, Miami Gardens, Aventura as well as Broward County. A map of the project area is provided in **Figure 1**. This area contains a mixed use of commuters traveling to and from Miami-Dade, Broward and Palm Beach Counties, residential communities, local businesses and industrial facilities, places of worship, schools and medical facilities in Miami-Dade County.

Limited English Proficiency (LEP) accommodations will be required during public involvement efforts for this project as 22.74% or 2,171 individuals within the census block groups containing the project corridor "speak English less than very well". See **Appendix B** for the Sociocultural Data Report. The project team will hold all public meetings at a location accessible by all and translate all collaterals in English and Spanish.

The following local, state, and national public interest groups or organizations having a direct or expressed interest in the project study have been identified and will be contacted by the Florida Department of Transportation. **Appendix C** lists preliminary contact information for potential stakeholders and will be updated throughout the life of the project. All public and private groups,

organizations, agencies and/or businesses that request placement on the project mailing list will be added throughout the course of the project.

Major Stakeholders

- Dade Heritage Trust
- Florida Trucking Association
- Florida Department of Highways and Transportation (located on the project corridor)
- FWC Waterway Division (oversee waterway coordination)
- Greater Miami-Dade Chamber of Commerce
- Borden Dairy Company
- Florida Plantation Cold Storage
- Words of Life Fellowship Church
- Trinity Church
- Bob's Barricades
- Publix Distribution Warehouse
- Aventura Mall
- Vincent International Distribution
- Numerous businesses and occupied commercial space in the vicinity and surrounding areas

Residential Communities:

- Pembroke Park Lakes Mobile Home Park
- Holiday Park Mobile Homes
- Sunnydale Mobile Home Park
- Bamboo Mobile Home Park
- Green Acres Mobile Home Park
- Highland Gardens
- Highland Park
- Ro-Len Lake Gardens
- Midtown Aventura
- Presidential Estates Aventura Harbor Apartments
- Riviera Condominium Apartment Associates
- Rolling Green Condominium
- Many apartment home communities along the river and the surrounding areas

Schools within 2 miles of the project corridor:

- South Broward Montessori Charter
- Gulfstream Early Learning Center (temporarily closed)
- Aventura Montessori School
- Dr. Michael M. Krop Senior High School
- Gulfstream Academy of Hallandale Beach K-8
- Hallandale Christian School
- Hochberg Preparatory
- Aventura Waterways
- Andover Middle School

- Highland Oaks Middle School
- Annunciation Catholic School
- Point of Grace Christian Academy
- Watkins Elementary School
- Lake Forest Elementary School
- Pembroke Park Montessori School
- West Park High School
- West Park Preparatory School
- Norwood Elementary
- Ojus Elementary School
- AIU Hight School
- FIU Biscayne Bay Campus

VI. OUTREACH ACTIVITIES

The following techniques will be used to notify the public of the proposed transportation improvement and to solicit public input into the project development process.

Newspaper(s):

The Miami Herald/El Nuevo Herald

- Maliha Ahmad: mahmad@mcclatchy.com

In addition to working with the media, a number of different notification techniques will be used throughout the project development process. A brief description of these techniques is provided below.

Letter/Newsletter(s):

Invitational and informational letters and newsletters will be distributed to elected and appointed officials, property owners/tenants, business owners/operators, and interested parties as feasible. It is anticipated that more than 5000 newsletters will be distributed for this study, as noted in the public outreach schedule. Notices will be delivered by hand and/or mail to residences and businesses located directly along the project corridor as deemed necessary by the FDOT.

News/Press Releases:

News/press releases will be submitted to the FDOT seven days prior to each public meeting and the public hearing.

Online:

Project notices will be published on social media platforms and website for FDOT and agency partners. A website project page will also be developed via the District Six website and all project information and documents will be updated to this page throughout the life of the project.

<https://www.facebook.com/MyFDOTMiami/>
https://www.instagram.com/myfdot_miami/

https://twitter.com/MyFDOT_Miami
<http://www.fdotmiamidade.com/>
<http://www.miamidadetpo.org/>

Public Notices/Ads:

Public advertisement will be published in the area newspaper with the largest circulation once prior to the public meeting/hearing, and once to announce Location and Design Concept Acceptance (LDCA) at the end of the study. Notice of public hearings will also be placed on the agency website and in the Florida Administrative Register (FAR).

Public Announcements:

In order to distribute PD&E phase information, fliers will be made available to organizations such as neighborhood/civic groups, the FDOT, and Miami-Dade County, to publish in existing newsletters, and websites. Any such correspondence will be coordinated through the District's Public Information Office (PIO).

Direct Mail List for Public Hearings:

The following will be contacted by direct mail in order to obtain input throughout the project development process and/or in order to provide project information:

- Those whose property lies, in whole or part, within at least 300 feet on either side of the centerline of each project alternative (Section 339.155, F.S.), as well as other local citizens who may be impacted by the construction of this project. This portion of the mailing list will be based on the County Property Appraiser's tax rolls. An initial list can be found in **Appendix D**.
- Local elected and appointed public officials or individuals who request to be placed on the mailing list for this project.
- Public and private groups, organizations, agencies, or businesses that request to be placed on the mailing list for this project.

Techniques:

Project Advisory Group: A Project Advisory Group will be selected with the assistance of local governments; composed of local citizens having an active role in the community, such as representatives from impacted/interested cities, counties, regional agencies, TPOs and committees, and neighborhood associations or other groups within the project area. This group will be organized at the beginning of the project to involve local participants for advisory purposes, especially on highly controversial or sensitive projects (See PD&E, Part 1,

Presentations to Local Officials: Presentations will be given to local officials and agencies such as the District Commissioners and Miami-Dade TPO prior to the Public Information Meeting(s) and the public hearing to apprise local officials of the project status, specific location, and design concepts, and to receive their comments.

Public Information Meetings: The following public meetings will be conducted, as required by the FDOT; a Public Kick-off Meeting, Elected Officials/Agencies Kick-off Meeting and an Alternatives Information Public Meeting (AIPM). The Public Information Meetings will present the project and the conceptual project alternatives being considered to obtain comments from the general public. These meetings will be hybrid format, both virtual and in-person. Notices to be sent at least 25 calendar days to Elected Officials and 14 to 21 calendar days to the general public prior to the meeting date. All meetings will be held in compliance with current Centers for Disease Control and Prevention (CDC) standards.

Public Hearing: A formal public hearing, as required by federal regulations and state law, will be held. The hearing will be held in compliance with current Centers for Disease Control and Prevention (CDC) standards.

Informal Meetings: In addition to the scheduled public meetings, there will be may be several additional meetings anticipated additional meetings with the public, elected and appointed officials, public agencies, or civic groups. The purpose of these meetings will be to apprise the attendees of the project status, specific location, and design concepts, and to receive input.

PUBLIC OUTREACH ACTIVITY SCHEDULE 2021-2023:

TABLE 1 – Public Outreach Activity Schedule

- **Calendar Year – 2021:**
 - Advance Notification June 2021
 - Public Kick-off Hybrid Meeting July 2021
 - Project Advisory Group Meeting #1 September 2021
- **Calendar Year – 2022:**
 - Project Advisory Group Meeting #2 January 2022
 - Elected Official Briefings January 2022
 - Hybrid Alternative Public Workshop February 2022
 - Project Advisory Group Meeting #3 October 2022
 - Elected Official Briefings October 2022
 - Hybrid Public Hearing October 2022
- **Calendar Year – 2023:**
 - LDCA May 2023

VII. COORDINATION WITH LOCAL AGENCIES (MIAMI-DADE COUNTY)

Copies of aerial maps depicting all alignment and design concepts under consideration, along with draft copies of engineering and environmental study documentation, will be furnished to the Miami-Dade County Department of Transportation and Public Works (DTPW) with their review and written comments solicited. Updated information will also be forwarded to the county(s) for review and comment prior to the scheduled public hearing.

The Consultant will notify the FDOT's liaison for DTPW of project execution. The FDOT's liaison will coordinate with the FDOT Project Manager to schedule meetings with DTPW and the Miami-Dade TPO, as needed.

VIII. PUBLIC HEARING

In compliance with the PD&E Manual, 23 CFR 771, and Section 339.155, FS, a public hearing will be held. The format is anticipated to be a "hybrid public hearing".

To protect public health and to comply with current CDC guidelines, FDOT is implementing appropriate public engagement activities which are inclusive of all affected stakeholders and offer a combination of both face-to-face as well as virtual options. Currently, public hearings must be hybrid, providing two ways for the public to participate: virtually and in-person at a physical location. Hybrid public hearings use accommodations which allow for social distancing and comply with current CDC guidelines.

This PIP is mindful of the need to provide a variety of methods for the public to receive information and provide input on plans and projects, while meeting public health guidelines and protecting vulnerable populations and civil liberties. The overall goal is to replicate the experience of a traditional public hearing in flexible ways that foster participation for all interested parties, increase engagement opportunities, add convenience, and enhance access to the public. Under current CDC guidelines, it is important to be diligent about providing multiple opportunities for people to participate, receive information, interact with staff, and provide comments. The guiding principles for hybrid public hearings include:

- Incorporating safe social distancing practices as defined by the CDC.
- Minimizing time of exposure for staff and the public in indoor spaces.
- Using Personal Protective Equipment (PPE) and consideration of safety barriers.
- Providing a touchless experience for staff and the public, to the greatest extent possible.
- Following the practices of early, continuous, collaborative, and inclusive public engagement.

The guidelines established in this document comply with:

- Conducting Proceedings by Communications Meeting Technology (CMT), Rule Chapter 28-109, Florida Administrative Code.
- Public Business: Miscellaneous Provisions (Government in the Sunshine), Section 286.011, Florida Statutes.
- Administrative Procedure Act, Section 120.525, Florida Statutes.

To keep the public informed and engaged while adhering to current requirements using an inclusive process, a hybrid public hearing will be scheduled for this project using GoToWebinar, which is the FDOT's preferred online meeting platform. The following sections describe proposed hybrid public hearing elements, including but not limited to considerations for venues, safety measures, and logistics. These hybrid public hearing procedures and techniques will be updated as additional guidance becomes available, as warranted.

Public Hearing Site:

The hybrid public hearing will be held simultaneously online and in a physical location at an appropriate facility, as convenient to the study area as possible under current conditions, including a venue which meets current requirement criteria for social distancing, social gathering limits, and room capacity limit. The virtual portion of the hybrid public hearing will use GoToWebinar. The physical portion of the hybrid public hearing may be held at a venue yet to be determined.

Public Advertisement:

A display advertisement will appear in The Miami Herald and the El Nuevo Herald twice (at least 15 days and no more than 30 days) prior to the hybrid public hearing. All advertisements will be sent to local newspapers via email. In addition, an announcement of the hybrid public hearing will be published in the FAR and on the FDOT's Public Meeting Notices Website at least seven days prior to the hybrid public hearing.

Letters of Invitation:	Letters will be mailed to all property owners at least 20 calendar days prior to the date of the meeting as required by Section 339.155, F.S., and at least 25 but no more than 30 calendar days prior to the hybrid public hearing date to local elected and appointed government officials notifying them of the upcoming hybrid public hearing. Notices may be hand-delivered to residences and businesses located directly along the project corridor as deemed necessary by the FDOT.
Hearing Preparation:	Slide presentations and/or video presentations, project corridor aerial maps, graphics, and handouts will be prepared to supplement the oral hybrid public hearing presentation.
Transcript:	A verbatim transcript of the hybrid public hearing will be compiled to include written comments received at the hearing and written comments received within the established comment period after the hybrid public hearing. All hybrid public hearing documentation (handouts, presentation, graphics, etc.) will be included with the transcript. The transcript will include a script of the recorded presentation, if applicable.
Documents for Public Review:	All draft documents to support PD&E studies evaluation will be available for public review at least 21 calendar days prior to the hybrid public hearing date.
Locations of Documents for Public Review:	Public notice will be provided in the public hearing advertisement and by mailed invitational letters as to where the study documents are located for public review. Suggested public review sites are: • TBD • TBD
Title VI and Related Statutes:	Title VI information will be provided in the presentation, by handout, signage, and through availability of personnel regarding the Title VI Program and the Relocation Assistance Program.
Americans with Disabilities Act Compliance:	Notification of the Department's intent to comply with the Americans with Disabilities Act (ADA) will be provided in the public advertisements for the hybrid public hearing, in invitational letters to property owners/tenants and local officials, in handouts, and by selection of a hybrid public hearing site that meets ADA requirements.

IX. PUBLIC HEARING FOLLOW-UP

The following procedures will occur after the public hearing.

Responses:	Responses to letters received as a result of the hybrid public hearing and questions and comments not answered at the hybrid public hearing will be made in writing within 14 days following the hearing.
Recommendation Notice:	A legal notice announcing the Office of Environmental Management's (OEM's) approval of the final document and recommendations will be published in <u>The Miami Herald</u> newspapers. In addition, press releases detailing the Department's recommendations will be provided to local media.
Public Hearing Transcript Package:	A Transcript Package will be produced and submitted following the hybrid public hearing. The Transcript Package will include a verbatim hearing transcript prepared by an approved court reporter, an errata sheet detailing any transcript discrepancies, a copy of correspondence received by the Department as part of the hybrid public hearing record, and affidavits of publication for newspaper ads advertising the hybrid public hearing.
Comments and Coordination Report:	A Comments and Coordination Report will be produced under a separate cover, and submitted at the conclusion of the study, containing, at a minimum, documentation regarding public participation performed throughout the study period. This summary will include comments and responses received from the public, as well as Advance Notification, coordination with local officials and agencies, and public meetings; the verbatim transcript from the hybrid public hearing; proof of publication of ads; sign-in sheets; hybrid public hearing certification by the Project Manager (Moderator); and public comments.

X. PUBLIC INVOLVEMENT DURING DESIGN

To the extent public involvement activities are necessary in the Design phase, the Design Project Manager will be responsible for coordinating any such activities. These public involvement activities may include additional coordination meetings with local government and environmental permitting agencies, work sessions, and small group meetings, as directed by the FDOT.

Community Facilities

The community facilities information below is useful in a variety of ways for environmental evaluations. These community resources should be evaluated for potential sociocultural effects, such as accessibility and relocation potential. The facility types may indicate the types of population groups present in the project study area. Facility staff and leaders can be sources of community information such as who uses the facility and how it is used. Additionally, community facilities are potential public meeting venues.

Data Sources

Area

(1)

The geographic area of the community based on a user-defined community boundary or area of interest (AOI) boundary.

Jurisdiction

(2)

Jurisdiction(s) includes local government boundaries that intersect the user-defined community or AOI boundary.

Goals, Values and History

(3)

Information under the headings Goals and Values and History is entered manually by the user before the Sociocultural Data Report (SDR) is generated. This information is usually not available for communities with boundaries that are based on Census-defined places (i.e., not user-specified).

Demographic Data

(4)

Demographic data reported under the headings General Population Trends, Race and Ethnicity Trends, Age Trends, Income Trends, Educational Attainment Trends, Language Trends, and Housing Trends is from the U.S. Decennial Census for 1990 and 2000 and the American Community Survey (ACS) 5-year estimates for 2006-2010 and ACS 2015-2019. The data was gathered at the block group level for user-defined communities, Census places, and AOIs, and at the county level for counties. Depending on the dataset, the data represents 100% counts (Census Summary File 1) or sample-based information (Census Summary File 3 or ACS).

About the Census Data

(5)

The block group analysis for user-defined communities, Census places, and AOIs do not always correspond precisely to block group boundaries. In these instances, adjustment of the geographic area and data for affected block groups is required to estimate the actual population. To improve the accuracy of such estimates in the SDR report, the census block group data was adjusted to exclude all census blocks with a population of two or fewer. These areas were eliminated from the corresponding years' block groups. Next, the portion of the block group that lies outside of the user-defined community, Census place, or AOI boundary was removed. The demographics within each block group were then recalculated assuming an equal area distribution of the population. Note that there may be areas where there is no population.

(6)

Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 U.S. households will receive the ACS questionnaire. Over any five-year period, about one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: https://www.census.gov/content/dam/Census/programs-surveys/acs/news/10ACS_keyfacts.pdf) The U.S. Census Bureau provides help with this process: <https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data.html>

(7)

Use caution when interpreting changes in race and ethnicity over time. Starting with the 2000 Decennial Census, respondents were given a new option of selecting one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: <http://www.census.gov/prod/2001pubs/c2kbr01-1.pdf>; <http://www.census.gov/pred/www/rpts/Race%20and%20Ethnicity%20FINAL%20report.pdf>)

(8)

The "Minority" calculations are derived from Census and ACS data using both the race and ethnicity responses. On this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities.

(9)

Disability data is not included in the 2010 Decennial Census or the 2006-2010 ACS. This data is available in the ACS 2015-2019 ACS.

Because of changes made to the Census and ACS questions between 1990 and ACS, disability variables should not be compared from year to year. For example: 1) with the 1990 data, the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS data; 2) the ACS data includes the institutionalized population (e.g. persons in prisons and group homes) while this population is not included in 1990 or 2000; and 3) the age groupings changed over the years.

(11)

The category Bachelor's Degree or Higher under the heading Educational Attainment Trends is a subset of the category High School Graduate or Higher.

(12)

Income of households. This includes the income of the householder and all other individuals 15 years old and over in the household, whether they are related to the householder or not. Because many households consist of only one person, average household income is usually less than average family income.

(13)

Income of families. In compiling statistics on family income, the incomes of all members 15 years old and over related to the householder are summed and treated as a single amount.

(14)

Age trends. The median age for 1990 is not available.

Land Use Data

(15)

The Land Use information Indicates acreages and percentages for the generalized land use types used to group parcel-specific, existing land use assigned by the county property appraiser office according to the Florida Department of Revenue land use codes.

Community Facilities Data

- Assisted Rental Housing Units - Identifies multifamily rental developments that receive funding assistance under federal, state, and local government programs to offer affordable housing as reported by the Shimberg Center for Housing Studies, University of Florida.
- Mobile Home Parks - Identifies approved or acknowledged mobile home parks reported by the Florida Department of Business and Professional Regulation and Florida Department of Health.
- Migrant Camps - Identifies migrant labor camp facilities inspected by the Florida Department of Health.
- Group Care Facilities - Identifies group care facilities inspected by the Florida Department of Health.
- Community Center and Fraternal Association Facilities - Identifies facilities reported by multiple sources.
- Law Enforcement Correctional Facilities - Identifies facilities reported by multiple sources.
- Cultural Centers - Identifies cultural centers including organizations, buildings, or complexes that promote culture and arts (e.g., aquariums and zoological facilities; arboreta and botanical gardens; dinner theaters; drive-ins; historical places and services; libraries; motion picture theaters; museums and art galleries; performing arts centers; performing arts theaters; planetariums; studios and art galleries; and theater producers stage facilities) reported by multiple sources.
- Fire Department and Rescue Station Facilities - Identifies facilities reported by multiple sources.
- Government Buildings - Identifies local, state, and federal government buildings reported by multiple sources.

- Health Care Facilities - Identifies health care facilities including abortion clinics, dialysis clinics, medical doctors, nursing homes, osteopaths, state laboratories/clinics, and surgicenters/walk-in clinics reported by the Florida Department of Health.
- Hospital Facilities - Identifies hospital facilities reported by multiple sources.
- Law Enforcement Facilities - Identifies law enforcement facilities reported by multiple sources.
- Parks and Recreational Facilities - Identifies parks and recreational facilities reported by multiple sources.
- Religious Center Facilities - Identifies religious centers including churches, temples, synagogues, mosques, chapels, centers, and other types of religious facilities reported by multiple sources.
- Private and Public Schools - Identifies private and public schools reported by multiple sources.
- Social Service Centers - Identifies social service centers reported by multiple sources.
- Veteran Organizations and Facilities

ACS vs Census Data

(67)

The 2010 Census data is represented by a combination of decennial and ACS (2006-2010) data. The General Population Trends, Race and Ethnicity Trends, Age Trends are entirely from decennial. The Income Trends, Language Trends are entirely from the ACS. The Housing Trends section is derived from both: Decennial (Total # Housing Units, Housing Units per Acre, Owner-Occupied Units, Renter-Occupied Units, Vacant Units); ACS (Single Family Units, Multi-family Units, Mobile Homes, Median Housing Value, Occupied Housing Units w/No Vehicle).

Broward County Demographic Profile

County Data Sources

About the Census Data

(33)

Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 U.S. households will receive the ACS questionnaire. Over any five-year period, about one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: https://www.census.gov/content/dam/Census/programs-surveys/acs/news/10ACS_keyfacts.pdf) The U.S. Census Bureau provides help with this process: <https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data.html>

(34)

Use caution when interpreting changes in race and ethnicity over time. Starting with the 2000 Decennial Census, respondents were given a new option of selecting one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: <http://www.census.gov/prod/2001pubs/c2kbr01-1.pdf>; <http://www.census.gov/pred/www/rpts/Race%20and%20Ethnicity%20FINAL%20report.pdf>)

(35)

The "Minority" calculations are derived from Census and ACS data using both the race and ethnicity responses. On this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities.

(36)

Disability data is not included in the 2010 Decennial Census or the 2006-2010 ACS. This data is available in the ACS 2015-2019 ACS.

Because of changes made to the Census and ACS questions between 1990 and ACS, disability variables should not be compared from year to year. For example: 1) with the 1990 data, the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS data; 2) the ACS data includes the institutionalized population (e.g. persons in prisons and group homes) while this population is not included in 1990 or 2000; and 3) the age groupings changed over the years.

(38)

The category Bachelor's Degree or Higher under the heading Educational Attainment Trends is a subset of the category High School Graduate or Higher.

ACS vs Census Data

(68)

The 2010 Census data is represented by a combination of decennial and ACS (2006-2010) data. The General Population Trends, Race and Ethnicity Trends, Age Trends are entirely from decennial. The Income Trends, Language Trends are entirely from the ACS. The Housing Trends section is derived from both: Decennial (Total # Housing Units, Housing Units per Acre, Owner-Occupied Units, Renter-Occupied Units, Vacant Units); ACS (Single Family Units, Multi-family Units, Mobile Homes, Median Housing Value, Occupied Housing Units w/No Vehicle).
