

November 2020

Public Involvement Plan

SR 826/Palmetto Expressway
From South of NW 36th Street (MP 8.355) to North of NW 154th Street (MP 17.950)
Project Development & Environment Study
Miami-Dade County, Florida

Financial Management Numbers: 447165-1-22-01, 441830-1-22-01, 441831-1-22-01
Federal Aid Project Number: N/A
ETDM Number: 14455

PUBLIC INVOLVEMENT PLAN

Florida Department of Transportation, District Six

***SR 826/Palmetto Expressway PD&E Study
From South of NW 36th Street (MP 8.355) to North of NW 154th Street (MP 17.950)
Miami-Dade County, Florida***

FPID: 447165-1-22-01, 441830-1-22-01, and 441831-1-22-01

Federal Aid Project Number: N/A

ETDM Number: 14455

In accordance with Part 1, Chapter 11 of the Project Development and Environment (PD&E) Manual, this Public Involvement Plan is submitted to the manager of the District office in charge of PD&E studies as appropriate based on District organizational structure for his/her review and approval.

Submitted by:  Date: 11/30/2020
*Jenn L. King, P.E., PD&E Consultant Project Manager
Associate Vice President, AECOM*

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried-out by FDOT pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016, and executed by FHWA and FDOT.

Approved by:  Judy Solaun-Gonzalez Date: _____

*Judy Solaun-Gonzalez, P.E., FDOT District Six
District Consultant Project Management Engineer*

PUBLIC INVOLVEMENT PLAN
SR 826/Palmetto Expressway PD&E Study
From South of NW 36th Street (MP 8.355) to North of NW 154th Street (MP 17.950)
Miami-Dade County

The purpose of this Public Involvement Plan (PIP) is to assist in providing information to and obtaining input from concerned citizens, agencies, private groups (residential/business), and governmental entities. The overall goal of this plan is to help ensure that the study reflects the values and needs of the communities it is designed to benefit.

This plan is in compliance with the Florida Department of Transportation's (FDOT) *PD&E Manual, Part 1, Chapter 11*.

I. Description of Proposed Improvements

Financial Project IDs: 447165-1-22-01
 441830-1-22-01
 441831-1-22-01

Federal Aid Project Number: *N/A*

Efficient Transportation
Decision Making (ETDM)
Number: 14455

Project Limits: *The SR 826/Palmetto Expressway PD&E Study limits extend from south of NW 36th Street (MP 8.355), a distance of 9.595 miles, to north of NW 154th Street (MP 17.950), as shown in **Figure 1**.*

Proposed Activity: *The purpose of the study is to address roadway deficiencies causing congestion and large speed differentials between general purpose lanes and express lanes; increase capacity; enhance access to the express lane system by relocating an ingress point; and improve the geometry of the expressway frontage road system in northern Miami-Dade County, Florida. Alternatives to be evaluated shall include both a Build and a No-Build option.*

Tentative Class of Action: *It is anticipated that the Class of Action (COA) for this project will be a State Environmental Impact Report (SEIR).*

II. Project Background

The SR 826/Palmetto Expressway is currently a major arterial in north western Miami-Dade County. Under existing conditions, it varies from six to nine General Purpose (GP) lanes and includes up to three Express Lanes (EL) throughout the project corridor. Within the project limits, in the northbound (NB) direction, there is one SR 826/Palmetto Expressway EL from south of US 27/SR 25/Okeechobee Road to SR 932/NW 103rd Street; and one I-75/SR 924 EL which begins north of SR 932/NW 103rd Street and continues along I-75/SR 924 into Broward County. In the southbound (SB) direction, there is 1 EL from the End Project (north of NW 154th Street) to the I-75/SR 924 interchange where the 1 SB EL from Broward County becomes a second EL on SR 826/Palmetto Expressway SB, both of which continue all the way through the project limits.

FDOT has received input from the public regarding EL, access to the EL system, and tolling in the Miami-Dade County area. Feedback, both from the public and their official representatives, included unacceptable / significant delays in commute times; concern for the quality of life for families and businesses; and an interest in additional options for motorists, including transit. FDOT was asked to seek alternative transportation solutions with more toll-free lanes; to address uncapped costs to use the managed lanes all day; and to return the SR 826/Palmetto Expressway to a toll-free roadway. Input from some areas indicated traffic has improved; other areas noted congestion has worsened; and in general, limited access points into the express lanes is an issue.

Upon preliminary evaluation of existing traffic data and physical constraints, roadway congestion and large differentials between higher EL speeds and lower GP lane speeds have been observed in both the NB and SB directions during peak travel times. Based on conducting preliminary analysis, receiving feedback from the public (both for and against EL), and addressing potential public controversy regarding the use of tolled roadways and EL, FDOT determined a potential need for modifications to the SR 826/Palmetto Expressway to enhance safety, provide additional GP lane capacity, and improve EL access. To address the input received and identified needs, this PD&E Study was programmed.

The current PD&E roadway project involves the potential addition of GP lanes, conversion of EL to GP lanes, as well as traffic operational and geometrical design improvements on the mainline of SR 826/Palmetto Expressway from south of NW 36th Street (Milepost [MP] 8.355) to north of NW 154th Street (MP 17.950), within Miami-Dade County; as well as

potential improvements to the frontage road system parallel to and on both sides of the SR 826/Palmetto Expressway from US 27/SR 25/Okeechobee Road to NW 122nd Street.

The improvements are proposed to increase capacity in the GP lanes, address existing congestion and higher than expected speed differentials between the GP lanes and the EL along the project corridor, as well as provide additional access to the EL system. Connecting population and commercial centers in north-central Miami-Dade County, the project traverses the municipalities of Doral, Medley, Hialeah Gardens, Hialeah, and Miami Lakes, as well as unincorporated portions of the county. SR 826/Palmetto Expressway connects to essential east-west facilities within north-central Miami-Dade County, including SR 836/Dolphin Expressway, SR 948/NW 36th Street, SR 934/NW 74th Street, US 27/SR 25/Okeechobee Road, SR 932/NW 103rd Street, I-75/SR 93, and SR 924/Gratigny Parkway.

Proposed NB improvements include widening the mainline within the SR 932/NW 103rd Street interchange to provide the minimum 10-foot recommended shoulder width for both inside and outside shoulders. The proposed SB improvements include modification to the SR 932/NW 103rd Street westbound (WB) to SB flyover ramp pier, thereby widening the SR 826/Palmetto Expressway mainline bridge and mechanically stabilized earth (MSE) walls, which will allow for an additional GP lane through the interchange and the extension of the auxiliary lane between the SR 934/NW 74th Street and the US 27/SR 25/Okeechobee Road interchanges. In an effort to improve the existing weaving condition, three SB bridges (over SR 934/NW 74th Street, Metrorail, and Florida East Coast (FEC) Railroad) are expected to be widened. One SB EL will be converted to provide an additional GP lane between SR 932/NW 103rd Street and NW 154th Street by milling and resurfacing, restriping, and moving the delineators. In addition, the existing SB EL ingress currently located north of NW 154th Street is expected to be relocated to SR 932/NW 103rd Street in order to provide better EL access to residents in northern Miami-Dade County. The project also proposes improvements to the frontage road system on both sides of the SR 826/Palmetto Expressway including milling, resurfacing, widening shoulders, and constructing sidewalks between US 27/SR25/Okeechobee Road and NW 122nd Street.

Within the project limits, SR 826/Palmetto Expressway is classified as a 'Principal Arterial-Other Freeways and Expressways' and consists of six to nine GP lanes and zero to three EL; the typical section varies throughout the project segment. In addition, SR 826/Palmetto Expressway is part of the state's emergency evacuation network and is a designated Strategic Intermodal System (SIS) highway corridor, providing access via SR 934/NW 74th Street (also known as Hialeah Expressway) and surface streets to the Miami Hialeah FEC Intermodal Terminal, a SIS Freight Rail Terminal. Existing right-of-way along the corridor ranges from approximately 235 feet to 455 feet or more in width near the existing interchanges. No right-of-way acquisition is expected to be required to accommodate the proposed improvements.

III. Project Goals

The following goals and objectives have been identified for this study:

- *Increase roadway safety.*
- *Facilitate the movement of people and goods.*

- *Address congestion.*
- *Reduce speed differentials between lanes.*
- *Provide better access to the EL system.*
- *Increase GP lane capacity.*
- *Coordinate with key stakeholders and engage the public in order to facilitate community vision and encourage effective communication with the public.*

In the long term, the proposed project is anticipated to have positive effects on the social environment and cohesion of surrounding communities by enhancing access to residences, job opportunities, and essential services.

IV. Identification of Elected/Appointed Officials and Agencies

Federal and State agencies, as well as Native American Tribes, having a concern in the project due to jurisdictional review or expressed interest have been identified and contacted directly by the FDOT through the Advance Notification (AN) process at the outset of the project in accordance with *PD&E Manual, Part 1, Chapter 3, Preliminary Environmental Discussion and Advance Notification*. These contacts can be found below and through the Official Transmittal List found in the project AN package within the Environmental Screening Tool (EST), [<https://etdmpub.fl-a-etat.org>], project #14455. Subsequent contact list updates will be found in the culminating Comments and Coordination Report for this project.

Regional Agencies

The following Regional Agencies have also been contacted. As other concerned public agencies are identified throughout the study, they also will be listed and contacted. This list will be updated prior to each mailing. Subsequent contact list updates will be found in the culminating Comments and Coordination Report for this project.

- Miami-Dade Transportation Planning Organization (TPO)
- South Florida Water Management District
- South Florida Regional Planning Council

Local Elected and Appointed Officials

The following elected officials have been contacted directly by the FDOT through the AN process. **Appendix A** lists the contact information for the following officials at the time of project execution. Subsequent contact list updates will be found in the culminating Comments and Coordination Report for this project.

Federal Delegation - US Congress

- U.S. House of Representatives, District 25 - The Honorable Mario Diaz-Balart

Federal Delegation - US Senate

- U.S. Senator - The Honorable Rick Scott
- U.S. Senator - The Honorable Marco Rubio

Florida Senators for Local District

- Senator, District 36 -The Honorable Manny Diaz, Jr.

Florida State House of Representatives for Local Districts

- Representative, District 103 - The Honorable Cindy Polo
- Representative, District 110 - The Honorable Jose R. Oliva
- Representative, District 111 – The Honorable Bryan Avila
- Representative, District 115 - The Honorable Vance Arthur Aloupis, Jr.

Miami-Dade County

- City of Doral
- City of Hialeah
- City of Hialeah Gardens
- Miami-Dade County Clerk of Court
- Miami-Dade Board of County Commissioners
- Miami-Dade County Public Schools
- Miami-Dade County School Board
- Miami-Dade Expressway Authority
- Miami-Dade County Property Appraiser
- Miami-Dade County Sheriff
- Miami-Dade County Supervisor of Elections
- Miami-Dade County TPO
- Town of Medley
- Town of Miami Lakes

Subsequent contact list updates will be found in the culminating Comments and Coordination Report for the project. Updates are expected to occur prior to the public hearing.

V. Identification of Affected Communities and Stakeholders

This project is located within Miami-Dade County. A map of the project area is provided in **Figure 1**.

The study area traverses six U.S. Census Designated Places, including: Miami Lakes, Doral, Medley, Hialeah Gardens, Hialeah, and Fontainebleau and is composed primarily of a mix of industrial and commercial/retail/office uses; the majority of the residential use in the area is located north of W. Okeechobee Road. Within the 500-foot project buffer there is one enterprise zone abutting W. Okeechobee Road, 23 homeowner and condominium associations, three group care facilities [Citrus Health Network – Adult Crisis Unit, Sweet Paradise Assisted Living Facility, and Citrus Health Network – Children’s Crisis Unit], one community center [After School All-Stars South Florida], two cultural centers [Miami Lakes Library and Florida National College Library], one fire station [Miami-Dade County Fire and Rescue Station 1], one social service facility [Bezerra De Menezes Food Pantry], one hospital [Southern Winds Hospital], 106 health care facilities, three laser facilities [Aran and Holbrook Eye Associates, Daniel Santoyo, DDS, PA, and Hialeah Wellness and Rehab], two government buildings [US Post Office – Hialeah Annex and Florida Department of Highway Safety and Motor Vehicles Service Center], six religious centers, eight schools, two park and recreational facilities [Miami Lakes Mini Park P50 and P51], one Office of Greenways and Trails (OGT) multi-use trail opportunity/hiking trail priority

[Miami River Greenway – also a part of the Shared Use Nonmotorized (SUN) trail network], and cultural resources.

Limited English Proficiency (LEP) accommodations will be required during public involvement efforts for this project as 44.26% or 23,028 individuals within the census block groups containing the project corridor "speak English less than very well". See **Appendix B** for the Sociocultural Data Report.

The following local, state, and national public interest groups or organizations having a direct or expressed interest in the project study have been identified and will be contacted by the FDOT. **Appendix C** lists preliminary contact information for potential stakeholders and will be updated throughout the life of the project.

- Nature Conservancy 1000 Friends of Florida
- Defenders of Wildlife
- Florida Defenders of the Environment Florida Sierra Club
- Florida Wildlife Federation

All public and private groups, organizations, agencies and/or businesses that request placement on the project mailing list will be added throughout the course of the project.

VI. Outreach Activities

The following techniques will be used to notify the public of the proposed transportation improvement and to solicit public input into the project development process.

Newspapers:

The Miami Herald
3511 NW 91 Ave
Miami, FL 33172

El Nuevo Herald
3511 NW 91 Ave
Miami, FL 33172

In addition to working with the media, different notification techniques will be used throughout the project development process. A brief description of these techniques is provided below.

Letters:

Invitational and informational letters will be distributed to elected and appointed officials, property owners/tenants, business owners/operators, and interested parties as necessary via mail. Notices may be hand delivered to residences and business located directly along the project corridor only if deemed necessary by the FDOT.

Press Release:

One press release will be submitted by the District's Public Information Office (PIO) seven days prior to the public hearing.

**Public Notices/
Legal Display Ads:**

Public advertisement will consist of a legal display advertisement published in the area newspapers with the largest circulation (*The Miami Herald* and *El Nuevo Herald*) twice prior to the public hearing. Notices will also be published in the Florida Administrative Register (FAR) and on the FDOT's Public Meeting Notices Website at least seven days prior to the hearing.

Public Announcements:

To distribute PD&E study information, flyers may be made available to organizations such as neighborhood and civic groups, municipalities, and Miami-Dade County, to publish in their existing newsletters and websites. Any such correspondence will be coordinated through the District's PIO.

**Direct Mail List
For Notifications:**

The following will be contacted by direct mail to obtain input throughout the project development process and/or to provide project information:

- Those whose property lies, in whole or part, within at least 300 feet on either side of the centerline of each project alternative (*Section 339.155 FS*), as well as other local citizens who may be impacted by the construction of this project. This portion of the mailing list will be based on the County Property Appraiser's tax rolls. A map showing the parcels to receive these notifications and the initial property owners and tenants mailing list can be found in **Appendix D**.
- Elected and appointed public officials.
- Individuals who request to be placed on the mailing list for this project.
- Public and private groups, organizations, agencies, or businesses that request to be placed on the mailing list for this project.

Techniques:

Presentations to Local Officials: Presentations may be given to local officials and agencies, such as the Miami-Dade TPO, prior to the public hearing to apprise local officials of the project status, specific project location and design concepts, and receive their comments only if deemed necessary by the FDOT.

Public Hearing: A formal public hearing, as required by Federal Regulations and State Law, will be held on January 12, 2021. The public hearing will include a 10-day comment period (minimum).

Informal Meetings: In addition to scheduled public meetings, there may be additional unscheduled meetings with the public, elected and appointed officials, public agencies, or civic groups only if deemed necessary by the FDOT. The purpose of these meetings will be to apprise the attendees of the project status, specific project location, and design concepts, and to receive input. FDOT staff will be available with appropriate notice to attend meetings or make presentations.

**Public Outreach
Activity Schedule:**

Key project milestone dates for this project, based on a COA of SEIR, are noted in **Table 1**, below.

<i>Table 1</i>		
<i>Project Schedule Milestones</i>		
08/31/2020	Mon	Project Execution
12/14/2020	Mon	Elected Official mailer arrives (-29 days) Criteria: -25-30 days
12/20/2020	Sun	Newspaper Ad # 1 publication (-23 days) Criteria: -15-30 days
12/21/2020	Mon	Property Owner mailer arrives (-22 days) Criteria: NLT -20 days
12/22/2020	Tue	Documents placed on display (-21 days)
01/03/2021	Sun	Newspaper Ad # 2 publication (-9 days) Criteria: -7-12 days
01/05/2021	Tue	Press Release distribution (-7 days)
01/05/2021	Tue	FAR notification publication (-7 days)
01/05/2021	Tue	FDOT website notification publication (-7 days)
01/12/2021	Tue	Public Hearing
01/22/2021	Fri	Public comment period ends (+10 days)
01/25/2021	Mon	SEIR complete (+13 days)

VII. Coordination with Local Agencies

Copies of aerial maps depicting all alignment and design concepts under consideration, along with draft copies of engineering and environmental study documentation, will be furnished to Miami-Dade County Department of Transportation and Public Works (DTPW) engineers, in order to solicit their review and written comments. This information will be forwarded to DTPW for review and comment prior to the scheduled public hearing.

The Consultant will notify the FDOT's liaison for DTPW of project execution. The FDOT's liaison will coordinate with the FDOT Project Manager to schedule meetings with DTPW and the Miami-Dade TPO, as needed.

VIII. Public Hearing

In compliance with the *PD&E Manual*, 23 CFR 771, and *Section 339.155, FS*, a public hearing will be held. The format is anticipated to be a "hybrid public hearing".

To protect public health and to comply with Governor DeSantis' "Safe. Smart. Step-by-Step. Plan for Florida's Recovery" during the COVID-19 pandemic, the FDOT is implementing appropriate public engagement activities which are inclusive of all affected stakeholders and offer a combination of both face-to-face as well as virtual options. Currently, public hearings must be hybrid, providing two ways for the public to participate: virtually and in-person at a physical location. Hybrid public hearings use accommodations which allow for social distancing and comply with the Governor's Executive Order on social gathering limit and capacity limit of the venue.

This PIP is mindful of the need to provide a variety of methods for the public to receive information and provide input on plans and projects, while meeting public health guidelines and protecting vulnerable populations and civil liberties. The overall goal is to replicate the experience of a traditional public hearing in flexible ways that foster participation for all interested parties, increase engagement opportunities, add convenience, and enhance access to the public.

Under current COVID-19 guidelines, it is important to be diligent about providing multiple opportunities for people to participate, receive information, interact with staff, and provide comments. The guiding principles for hybrid public hearings include:

- Incorporating safe social distancing practices as defined by the Centers for Disease Control and Prevention (CDC).
- Minimizing time of exposure for staff and the public in indoor spaces.
- Using Personal Protective Equipment (PPE) and consideration of safety barriers.
- Providing a touchless experience for staff and the public, to the greatest extent possible.
- Following the practices of early, continuous, collaborative, and inclusive public engagement.

The guidelines established in this document comply with:

- Conducting Proceedings by Communications Meeting Technology (CMT), Rule Chapter 28-109, Florida Administrative Code.
- Public Business: Miscellaneous Provisions (Government in the Sunshine), Section 286.011, Florida Statutes.
- Administrative Procedure Act, Section 120.525, Florida Statutes.

To keep the public informed and engaged while adhering to current requirements using an inclusive process, a hybrid public hearing will be scheduled for this project using GoToMeeting and GoToWebinar, which is the FDOT's preferred online meeting platform. The following sections describe proposed hybrid public hearing elements, including but not limited to considerations for venues, safety measures, and logistics. These hybrid public hearing procedures and techniques will be updated as additional guidance becomes available, as warranted.

- Public Hearing Site:** The hybrid public hearing will be held simultaneously online and in a physical location at an appropriate facility, as convenient to the study area as possible under current conditions, including a venue which meets current requirement criteria for social distancing, social gathering limits, and room capacity limit . The virtual portion of the hybrid public hearing will use GoToMeeting/GoToWebinar. The physical portion of the hybrid public hearing may be held at the FDOT District auditorium.
- Public Advertisements:** A display advertisement will appear in *The Miami Herald* and *El Nuevo Herald* twice (at least 15 days and no more than 30 days) prior to the hybrid public hearing. All advertisements will be sent to local newspapers via email.
- In addition, an announcement of the hybrid public hearing will be published in the FAR and on the FDOT's Public Meeting Notices Website at least seven days prior to the hybrid public hearing.
- Letters of Invitation:** Letters will be mailed to all property owners as required by *Section 339.155, FS* and to local elected and appointed government officials notifying them of the upcoming hybrid public hearing. Notices will be hand-delivered to residences and businesses located directly along the project corridor only as deemed necessary by the FDOT.
- Hearing Preparation:** Slide presentations and/or video presentations, project corridor aerial maps, graphics, and handouts will be prepared to supplement the oral hybrid public hearing presentation.
- Transcript:** A verbatim transcript of the hybrid public hearing will be compiled to include oral comments received at the hearing, written comments received at the hybrid hearing, and written comments received within the established comment period after the hybrid

hearing. All hybrid public hearing documentation (handouts, presentation, graphics, etc.) will be included with the transcript. The transcript will include a script of the recorded presentation, if applicable. A recording of the hybrid public hearing will be posted online for those who were unable to watch or participate in the live session.

**Documents for
Public Review:**

All draft documents to support PD&E studies will be available for public review at least 21 calendar days prior to the hybrid public hearing date.

**Locations for
Public Review:**

Public notice will be provided in the hybrid public hearing advertisements and in the mailed invitational letters as to where the study documents will be located for public review. Project documents will also be available digitally on the FDOT website.

Suggested public review sites are:

FDOT District Six
1000 NW 111th Avenue
Miami, Florida 33172

and

Hialeah Gardens Branch Library
11300 NW 87th Court, # 112
Hialeah, Florida 33018

**Title VI and
Related Statutes:**

Title VI information will be provided in the presentation, by handout, signage, and through availability of personnel regarding the Title VI Program and the Relocation Assistance Program.

**ADA
Compliance:**

Notification of the FDOT's intent to comply with the Americans with Disabilities Act (ADA) will be provided in the public advertisements for the hybrid public hearing, in invitational letters to property owners/tenants and elected/appointed officials, in handouts, and in the selection of a hybrid public hearing site that meets all ADA requirements.

IX. Public Hearing Follow-Up

The following procedures will occur after the hybrid public hearing.

Responses:	Responses to all letters and comment forms received as a result of the hybrid public hearing and questions and comments not answered at the hybrid public hearing will be made in writing.
Public Hearing Transcript Package:	A Transcript Package will be produced per the latest requirements and submitted following the hybrid public hearing. The Transcript Package will include the hybrid public hearing transcript prepared by an approved court reporter and an errata sheet detailing any transcript discrepancies. The package may also include other items such as a copy of all correspondence received by the FDOT as part of the hybrid public hearing record and affidavits of publication for newspaper ads advertising the hybrid public hearing.
Comments and Coordination Report:	A Comments and Coordination Report will be developed (under separate cover) to summarize the hybrid public hearing results and recommendations. The report will also contain the overall input provided through the other public involvement techniques utilized throughout the project development process.

X. Public Involvement During Design

It is anticipated that the FDOT Design Project Manager will maintain the appropriate level of public involvement activities throughout the final design process. These public involvement activities may include additional coordination meetings with local government and environmental permitting agencies, work sessions, and small group meetings, as directed by the FDOT.

Appendix A:
Initial Public Officials Contact List

Community Facilities

The community facilities information below is useful in a variety of ways for environmental evaluations. These community resources should be evaluated for potential sociocultural effects, such as accessibility and relocation potential. The facility types may indicate the types of population groups present in the project study area. Facility staff and leaders can be sources of community information such as who uses the facility and how it is used. Additionally, community facilities are potential public meeting venues.

Data Sources

Area

The geographic area of the community based on a user-specified community boundary or area of interest (AOI) boundary.

Jurisdiction

Jurisdiction(s) includes local government boundaries that intersect the community or AOI boundary.

Demographic Data

Demographic data reported under the headings General Population Trends, Race and Ethnicity Trends, Age Trends, Income Trends, Educational Attainment Trends, Language Trends, and Housing Trends is from the U.S. Decennial Census (1990, 2000) and the American Community Survey (ACS) 5-year estimates from 2006-2010 and ACS 2014-2018. The data was gathered at the block group level for user-specified community boundaries and AOIs, and at the county level for counties. Depending on the dataset, the data represents 100% counts (Census Summary File 1) or sample-based information (Census Summary File 3 or ACS).

About the Census Data:

User-specified community boundaries and AOIs do not always correspond precisely to block group boundaries. In these instances, adjustment of the geographic area and data for affected block groups is required to estimate the actual population. To improve the accuracy of such estimates in the SDR report, the census block group data was adjusted to exclude all census blocks with a population of two or fewer. These areas were eliminated from the corresponding years' block groups. Next, the portion of the block group that lies outside of the community or AOI boundary was removed. The demographics within each block group were then recalculated, assuming an equal area distribution of the population. Note that there may be areas where there is no population.

Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 or 2.5% of U.S. households will receive the ACS questionnaire. Over any five-year period, about one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: <http://mcdc.missouri.edu/pub/data/acs/Readme.shtml>) The U.S. Census Bureau provides help with this process:

[https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data/ACS 2014-2018.html](https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data/ACS%2014-2018.html)

Use caution when interpreting changes in Race and Ethnicity over time. Starting with the 2000 Decennial Census, respondents were given a new option of selecting one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: <http://www.census.gov/prod/2001pubs/c2kbr01-1.pdf>;
<http://www.census.gov/pred/www/rpts/Race%20and%20Ethnicity%20FINAL%20report.pdf>)

The "Minority" calculations are derived from Census and ACS data using both the race and ethnicity responses. On this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities.

Disability data is not included in the 2010 Decennial Census, or the 2006-2010 ACS. This data is available in the ACS 2014-2018 ACS.

Because of changes made to the Census and ACS questions between 1990 and ACS 2014-2018, disability variables should not be compared from year to year. For example: 1) With the 1990 data the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS 2014-2018 ACS data; 2) The ACS 2014-2018 ACS data includes the institutionalized population (e.g. persons in prisons and group homes), while this population is not included in 1990 or 2000; 3) the age groupings changed over the years.

Please take the following two concerns into account when viewing this data: 1) With the 1990 data the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS 2014-2018 ACS data; 2) The ACS 2014-2018 ACS data includes the institutionalized population (e.g. persons in prisons and group homes), while this population is not included in 1990 or 2000.

The category Bachelor's Degree or Higher under the heading Educational Attainment Trends is a subset of the category High School Graduate or Higher.

Income of households. This includes the income of the householder and all other individuals 15 years old and over in the household, whether they are related to the householder or not. Because many households consist of only one person, average household income is usually less than average family income.

Income of families. In compiling statistics on family income, the incomes of all members 15 years old and over related to the householder are summed and treated as a single amount.

Age Trends median age for 1990 is not available.

Land Use Data

The Land Use information Indicates acreages and percentages for the generalized land use types used to group parcel-specific, existing land use assigned by the county property appraiser office according to the Florida Department of Revenue land use codes.

Community Facilities Data

- Assisted Rental Housing Units - Identifies multifamily rental developments that receive funding assistance under federal, state, and local government programs to offer affordable housing as reported by the Shimberg Center for Housing Studies, University of Florida.
- Mobile Home Parks - Identifies approved or acknowledged mobile home parks reported by the Florida Department of Business and Professional Regulation and Florida Department of Health.
- Migrant Camps - Identifies migrant labor camp facilities inspected by the Florida Department of Health.
- Group Care Facilities - Identifies group care facilities inspected by the Florida Department of Health.
- Community Center and Fraternal Association Facilities - Identifies facilities reported by multiple sources.
- Law Enforcement Correctional Facilities - Identifies facilities reported by multiple sources.
- Cultural Centers - Identifies cultural centers including organizations, buildings, or complexes that promote culture and arts (e.g., aquariums and zoological facilities; arboreta and botanical gardens; dinner theaters; drive-ins; historical places and services; libraries; motion picture theaters; museums and art galleries; performing arts centers; performing arts theaters; planetariums; studios and art galleries; and theater producers stage facilities) reported by multiple sources.
- Fire Department and Rescue Station Facilities - Identifies facilities reported by multiple sources.
- Government Buildings - Identifies local, state, and federal government buildings reported by multiple sources.
- Health Care Facilities - Identifies health care facilities including abortion clinics, dialysis clinics, medical doctors, nursing homes, osteopaths, state laboratories/clinics, and surgicenters/walk-in clinics reported by the Florida Department of Health.
- Hospital Facilities - Identifies hospital facilities reported by multiple sources.
- Law Enforcement Facilities - Identifies law enforcement facilities reported by multiple sources.
- Parks and Recreational Facilities - Identifies parks and recreational facilities reported by multiple sources.
- Religious Center Facilities - Identifies religious centers including churches, temples, synagogues, mosques, chapels, centers, and other types of religious facilities reported by multiple sources.
- Private and Public Schools - Identifies private and public schools reported by multiple sources.
- Social Service Centers - Identifies social service centers reported by multiple sources.
- Veteran Organizations and Facilities

Miami-dade County Demographic Profile

Housing Tenure - Miami-dade

County Data Sources

Demographic data reported is from the U.S. Decennial Census (1990, 2000) and the American Community Survey (ACS) 5-year estimates from 2006-2010 and ACS 2014-2018. The data was gathered at the county level. Depending on the dataset, the data represents 100% counts (Census Summary File 1) or sample-based information (Census Summary File 3 or ACS).

About the Census Data:

Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 or 2.5% of U.S. households will receive the ACS questionnaire. Over any five-year period, about one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: <http://mcdc.missouri.edu/pub/data/acs/Readme.shtml>) The U.S. Census Bureau provides help with this process:

[https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data/ACS 2014-2018.html](https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data/ACS%2014-2018.html)

Use caution when interpreting changes in Race and Ethnicity over time. Starting with the 2000 Decennial Census, respondents were given a new option of selecting one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: <http://www.census.gov/prod/2001pubs/c2kbr01-1.pdf>; <http://www.census.gov/pred/www/rpts/Race%20and%20Ethnicity%20FINAL%20report.pdf>)

The "Minority" calculations are derived from Census and ACS data using both the race and ethnicity responses. On this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities.

Disability data is not included in the 2010 Decennial Census, or the 2006-2010 ACS. This data is available in the ACS 2014-2018 ACS.

Because of changes made to the Census and ACS questions between 1990 and ACS 2014-2018, disability variables should not be compared from year to year. For example: 1) With the 1990 data the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS 2014-2018 ACS data; 2) The ACS 2014-2018 ACS data includes the institutionalized population (e.g. persons in prisons and group homes), while this population is not included in 1990 or 2000; 3) the age groupings changed over the years.

Please take the following two concerns into account when viewing this data: 1) With the 1990 data the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS 2014-2018 ACS data; 2) The ACS 2014-2018 ACS data includes the institutionalized population (e.g. persons in prisons and group homes), while this population is not included in 1990 or 2000.
